MEMORANDUM

TO: Comprehensive Data Base Guidelines Users

FROM: Charles McGrew, Director, Information and Research

DATE: August 15, 2005

SUBJECT: Summary of Changes for 2005/06 Reporting Guidelines

The 2005/06 edition of the Reporting Guidelines has limited new items and definitions, changes to existing items, and deletions of reports. All dates have been updated for the 2005/06 reporting year.

New Items

A new report "FD-21 Endowment Match Program Outcome Measures Report" was added to the Finance section. Institutions have been submitting this data on an ad hoc basis and the standard report has now been added to the 2005/06 edition.

Beginning sometime this year, the end of term Type 2 course files will be submitted with final grades after the end of the terms. A copy of the layout is included for your information. The term when this will start and dates for submission are still being discussed. We will issue an update when these issues are resolved.

Changes to Existing Items

The Data Access Policy has been replaced with the new policy that was approved by the Council on March 21, 2005.

The multiple degree code has been deleted from the second major in both the Enrollment Report and the Degrees and Other Formal Awards Report.

The Student Feedback File layout was clarified to show just one byte for the zero GPA field.

Memorandum
Page 2
August 15, 2005

Deletions from the Previous Edition

No reports have been removed for 2005/06.

Future Updates

The Key Indicator definitions that were used with the 1998 – 2004 key indicators have been removed. 2005 – 2010 Public Agenda key indicators and definitions will be made available later this year as soon as they are confirmed.

I appreciate your input that continues to improve the usefulness and clarity of the Reporting Guidelines. Please forward any additional comments or ideas to improve the data quality and reporting process to the Council staff any time during the year.

Council on Postsecondary Education

Data Access Policy

Section 1: Purpose

This policy establishes the principles related to collection, maintenance, use, analysis, and dissemination of data and information gathered and maintained through the Kentucky Council on Postsecondary Education (CPE) comprehensive database system and by the Kentucky Virtual University, the Kentucky Virtual Library, and the Kentucky Adult Education system.

Section 2: Statutory Authority

KRS 164.020, KRS 164.095, and KRS 164.283

Section 3: Background

The CPE maintains and manages a unit record database containing public and private higher education institutional data used by the CPE for state and federal reporting, policy analysis, and decision-making. This database is referred to as the comprehensive database system. Additionally, the Kentucky Virtual University and the Kentucky Virtual Library collect information necessary to register and enroll students. The Kentucky Adult Education system maintains separate databases that support adult education programs throughout the Commonwealth.

The data and information collected through the comprehensive database system and for the Kentucky Virtual University, the Kentucky Virtual Library, and the Kentucky Adult Education system also can be integrated with other data sets, such as K-12 student information, student financial aid, public health, and employment information in support of improvements to instruction, to measure performance within the system, and in support of postsecondary education reform.

The CPE protects all data and information in accordance with the Family Educational Rights and Privacy Act (FERPA) and applicable state laws. Where information contains data on individual students, it is subject to both privacy and confidentiality procedures.

Section 4: Definitions

- A. “Confidentiality” means how personally identifiable information collected by an authorized agency is protected and when consent by the individual is required.
- B. “Council,” “Council on Postsecondary Education,” or “CPE” refers both to the agency established in KRS 164.011 and to the staff of the agency employed pursuant to KRS 164.013.
- C. “Directory information” means information contained in an education record which would not generally be considered harmful or an invasion of privacy if disclosed to the public. It includes, but is not limited to, the student’s name, address, date and place of

birth, field of study, dates of attendance, degrees and awards received. Individuals requesting directory information contained in college and university files held by the Council will be referred that institution.

- D. “Education records” means those records directly related to a student and maintained by an educational agency or institution.
- E. “Family Educational Rights and Privacy Act” or “FERPA” means the federal law codified at 20 U.S.C. 1232g and its implementing regulations found in 34 C.F.R. Part 99.
- F. “Legitimate educational interest,” for purposes of this policy, is an endeavor that furthers the understanding of educational practices, methods, and/or theory through formal, accepted research practice.
- G. “Personally identifiable information” means information contained in an education record such as a personal identifier, characteristic, or other information that would make a student’s identity easily traceable.
- H. “Privacy” means the right of an individual to have personal information adequately protected to avoid the potential for substantial harm, embarrassment, inconvenience, or unfairness.
- I. “Research” means a formal investigation designed to develop or contribute to general knowledge.
- J. “Third party” is a party other than the institution who provided the data to the CPE and the CPE to whom data is provided.

Section 5: Policy

A. General

1. This policy shall apply to all data and information created, collected, and maintained by or for the CPE, whether in electronic, paper, or other format.
2. Data collected and maintained by the CPE shall be managed in a manner that supports the improvement of education in Kentucky consistent with the goals of the *Postsecondary Education Improvement Act of 1997* and the *Adult Education Act of 2000*. The CPE shall promote access to and dissemination of information that improves the education-related decisions of parents, teachers, administrators, policymakers, and educational stakeholders as well as the general public.
3. Where access to personally identifiable information is restricted by federal or state law, the information shall be processed (e.g., aggregated, summarized, or characterized) to provide access while meeting the requirements for restriction.
4. This policy will adhere to restrictions on the releases of personally identifiable information identified in the FERPA, 20 U.S.C. 1232g, and KRS 164.283.

5. Data access provisions may change if mandated by federal statute, state law, or administrative rules. The CPE may, at its discretion, propose changes in the data access policy but the new rules shall not apply to data or information collected under the old policy unless proper notice has been given.
6. The release of directory information shall be in accordance with the institutional definition of directory information.

B. Security Requirements

1. Security includes measures to ensure that records are not lost, stolen, vandalized, illegally accessed, or otherwise rendered useless. Since the data are stored on computers, it is essential that there be a high level of protection that provides integrity and availability commensurate with the level of risk and magnitude of harm.
2. Data, copies of data, and all reports containing personally identifiable information shall be maintained in a secure environment to prevent unauthorized access. A secure environment includes any electronic media, personal computer, server, or network on which the data reside. Compliance with these security requirements by third parties may be monitored by unannounced, unscheduled inspections of the data user's work site by the CPE staff or designated representatives.
3. Private or confidential data on an individual shall not be created, collected, stored, used, maintained, or disseminated for any purpose other than for the stated purpose.
4. Disclosure in summary reports is designed to protect an individual's identity. In cases where a data set includes only a few individuals, the general practice is to report on no group smaller than six individuals.
5. Data will be disclosed to a third party only where the CPE is satisfied that the third party agrees to these conditions:
 - a. The party to whom the data are released does not disclose the information to any other party.
 - b. The data are protected in a manner that does not permit the personal identification of an individual.
 - c. The data are used solely for the purpose requested.
 - d. The data are destroyed when no longer needed for the purposes under which the disclosure was granted.
6. If the CPE provides personally identifiable information to a private person or third party in order to perform any CPE functions, the CPE shall require that the third party sign a confidentiality agreement that protects the data.

7. Private or confidential data will not be released to the public or to a third party except under the following circumstances consistent with federal regulation 34 C.F.R. Part 99:
 - a. To staff of the postsecondary education institutions who have released the data to the CPE.
 - b. To an authorized court of competent jurisdiction and then only to comply with a subpoena or court order, under federal regulation 34 C.F.R. Part 99.31(a)(9)(i) and (ii).
 - c. To honor a request from a judicial order or an authorized law enforcement unit where a subpoena has been issued as provided for in 34 C.F.R. Part 99.31(a)(9)(ii)(B). A law enforcement unit refers to all state and local prosecution authorities, all state and local law enforcement agencies, the Kentucky Corrections Cabinet, and probation officers who are part of the Judiciary.
 - d. To educational officials in connection with an audit or evaluation of a federal or state supported education program, under federal regulation 34 C.F.R. Part 99.35(a).
 - e. To appropriate parties in connection with an emergency if such knowledge is necessary to protect the health and safety of the student or other individuals, under federal regulation 34 C.F.R. Part 99.36(a).
 - f. When a requestor demonstrates a clear legitimate educational interest as evidenced by the data request form, a review by the CPE of the data request form, and approval of the request by the CPE president.

C. Conditions for Access

1. Access to personally identifiable data is restricted by limiting who can view the data and for what purpose. There are four access levels, each of which is consistent with a specific educational purpose as defined in federal regulation 34 C.F.R. Part 99.
 - a. Level 1 allows authorized CPE staff to read and write to all records and fields in the database. This access level extends to a minimum number of authorized staff members who operate or manage the comprehensive database system or are responsible for maintaining the accuracy and security in the performance of their duties.
 - b. Level 2 allows researchers, education groups, and other parties who express legitimate educational interests to read all records and fields in the database to further the understanding of educational practices, methods, or theory that would be expected through acceptable research practice. Level 2 access will be granted only after approval of a data request form. The CPE will notify institutions when a level 2 data request has been approved for a third party.
 - c. Level 3 allows disclosure of individual records without personally identifiable information.

- d. Level 4 allows summaries of data only. The CPE generally will block aggregate results when fewer than six students might be disclosed. An exception to this general rule might be where a court or the U.S. Department of Education requires special reporting.
2. Researchers, education groups, and other parties who express legitimate education interests in using personally identifiable data shall submit a data request form that explains what data are requested and how the data are to be stored, used, maintained, disseminated, and ultimately destroyed.
3. In considering a request for access to data in the comprehensive database system, the CPE staff will assess:
 - a. Whether access is permitted by state or federal law.
 - b. Privacy concerns.
 - c. Security procedures available to and practiced by the requestor.
 - d. Availability of staff to monitor the data release.
 - e. The perceived benefits of the research.
 - f. Where applicable, whether an appropriate campus human subjects review board or committee has reviewed the proposal and has approved or endorsed the proposal.
4. A copy of any analyses or reports created with the CPE system data shall be provided to the CPE.
5. Release of data to a third party is subject to approval by and at the discretion of the president of the CPE unless federal or state law requires disclosure.
6. Completed requests will be reviewed and a response provided in an appropriate manner. In the event a request is rejected, specific reasons shall be given and, if appropriate, may include information concerning possible alternatives.
7. Requests shall be rejected if information on the application form is incomplete.
8. The CPE will maintain a record of all requests for confidential and private data and of all requests approved by the CPE including the date, nature, and purpose of the data, and to whom the data were made available.

D. Prohibitions

1. Commercial use of data obtained under such a request is prohibited.

2. All data remain the property of the CPE and the use of the CPE data is restricted solely to the purpose contained in the agreement.
3. Data may not be shared or distributed to individuals or groups who are not part of the original agreement; all copies of the data must be destroyed when the researcher completes the analysis or report.

E. Penalties

1. If it is determined that personally identifiable information was disclosed in violation of this policy, the party shall not have access to any CPE data for five years.
2. All violations will be reported to the appropriate federal and state enforcement agencies. The federal Privacy Act of 1974 states that disclosure of individually identifiable information in any manner to any person or agency not entitled to it shall be guilty of a misdemeanor and fined not more than \$5,000.

F. Requests by Individuals to Examine Their Personal Data

Upon request of individuals under Section 552a(f)(1) of the Privacy Act of 1974 or 34 C.F.R. Part 99.20 of FERPA to gain access to their records contained in the CPE comprehensive database system, the CPE will provide a copy of all or any portion in a comprehensible form and will consider requests, in consultation with the appropriate institution, to amend the record.

Instructions for Sending Encrypted Data Files

1. WinZip 9.0 provides an encryption function and is available at www.winzip.com. If the files are to be sent via CD, then there is no need to password protect the files.
2. Encrypt a file or a number of files using the 256-compression strength with a password. Before sending the files unzip them to make sure the data are readable and complete.
3. Use any FTP client such as WS-FTP or LEECH FTP to access the institutional folder on the CPE FTP site at kyftp.ky.gov. Email mike.jones@ky.gov to request a username and password.
4. Use the format [FTP://\[username\]:\[password\]@\[hostname\]](#) to connect to the site. Example: [FTP://FTPUK:TestPw000@kyftp.ky.gov](#). Place the zipped password protected file on your respective CPE FTP folder and email the information staff informing them what data files, (fall, spring, or summer enrollment, degrees, utilization, etc...) have been placed there and what the password is.
5. Once the edit program has been run against the data files, the results will be zipped up with the same password and placed on the FTP site for your corrections to be made. The info staff will send you an email notifying you the edits are ready for you.

ESTIMATED ENROLLMENT

General Instructions

Report estimated full-time, part-time, and total headcount enrollment on the official CPE enrollment reporting census date (last date which a student may add a course for credit). Include any estimated enrollment from short-term courses beginning after the census date. The estimated enrollment should be reflective of the total anticipated enrollments to be submitted to the Council in the official reports for fall (in November) and spring (in March).

Summer 2006

DUE DATES:

Fall: November 1

Spring: March 30

Summer: August 15

ENROLLMENT FALL/SPRING/SUMMER

General Instructions

The fall/spring enrollment files and the summer (the academic period between the close of the spring semester and the beginning of the fall semester) files should include enrollment in all courses (day, evening, off-campus, and distance education) for which semester hour credit is granted or regular academic courses carrying zero hours credit except for zero credit hour laboratories associated with lectures if laboratory and lecture are assigned identical course IDs. For each fall term, spring term, and summer term, Type One (student), Type Two (course), and Type Three (class) records should be included for each of these courses. All summer terms must be combined into one submission, which, as with fall and spring submissions, is to include one Type One record per student with appropriate Type Two and Type Three records. For all full-term courses, the data are to be the net enrollment as of the last date of the reporting period which students may add a course for credit (census date). This date must agree with the official university calendar. All enrollment transactions initiated on or before the census date should be processed and reflected on the file. Exclude students who have withdrawn on or before the census date, have not paid, or have not made arrangements with the business office for payment of tuition and fees.

Include short-term courses beginning after the effective cut-off date. For each short-term course, an individual cut-off date should be established. These dates, based on length of course, should be prorated consistent with the institution's policy for full-term courses.

Do not include enrollment in zero credit hour laboratories associated with lectures if laboratory and lecture are assigned identical course IDs, noncredit courses, noncredit workshops, continuing education unit courses, or other courses for which regular semester hour credit is not granted. Do not include enrollment in classes that did not materialize, were canceled, or otherwise not in fact offered. Do not report enrollments from previous semesters.

Type One (Student) Record:

1. **Century** – In compliance with year 2000, on the Type One Record indicate the century in which the student was born by reporting in columns 101 and 102 a '19' or '20.' Also, indicate the century in which the student graduated from high school by reporting in columns 103 and 104 a '19' or '20.'
2. **County of Origin** - If a student's state of origin is Kentucky, also indicate his county of origin. Also report the appropriate county of origin from Table 5-B for students under a Council on Postsecondary Education reciprocity agreement. Reciprocity origin should take precedence over origin based on legal residence at time of first admission. The county code for all other non-Kentucky or non-waiver students should be coded 000.

3. **Declared Major or Program Prefix** – For all students, report the appropriate declared major or program prefix code from Table 15.
- Post-doctoral students and students with a nondegree major are to be reported with an "N" in the major prefix code.
 - An undergraduate major prefix code should be reported for the not designated, undecided, undeclared student. If a specific level is not known, report "U" for major prefix code. Students reported with a "U" major prefix will be subject to the PCC requirements.
 - Report program prefix "T" for KCTCS students enrolled in workforce training programs (enrollment only).
4. **Declared Major** - The declared major or program must be consistent with the institution's degree program inventory. Use only those codes listed in that inventory. (See Tables 16-B and 17.) Report the student declared major or program for all students except those who are not permitted, by official institutional policy, to declare a major. Students who are not permitted, by official institutional policy, to declare a major shall be coded as baccalaureate degree students with an undeclared major prefix (code U). Students who have declared intent to major in a program with selective admissions or limited enrollment are to be reported with their declared major or program.
- Post-baccalaureate nondegree, undergraduate nondegree, graduate nondegree, first-professional nondegree, and high school students enrolled in postsecondary level courses should be assigned the 90.0000 nondegree code.
 - For students declaring a double major, report the first major in columns 81-89 and the second major in columns 90-98.
 - Students without an RN who intend to complete a baccalaureate nursing (generic) program should be reported with the declared major 51.1601.01 - Nursing (RN Training). Students with an RN who intend to complete a baccalaureate nursing (completion) program should be reported with the declared major 51.1601.02 - Nursing, General (Post - RN).
5. **FICE Code of Sending Institution** - Report the FICE code of the sending institution for each first-time transfer student from a Kentucky institution. For each first-time transfer student from an out-of-state institution, report the code of the state, territory, or foreign country of the sending institution. Institution and state codes are listed in Table 9.
6. **First-Time Student** - The student is to be identified as a first-time student if she has graduated from high school and has not previously earned credits in the degree level for which she is enrolled unless the credits were earned before graduation from high school. A student should be reported as a first-time student only for the term in which she first enrolls. For example: A student attending a postsecondary institution for the first time in the summer should be reported as a first-time student on the summer enrollment.
- DO NOT report current high school students who are, for the first time, enrolled for postsecondary credit.

- b. Report first-time students for each degree level: undergraduate (first-year certificate- or diploma-seeking student, freshman, sophomore, undergraduate nondegree), graduate (master's, specialist's, doctoral, and graduate nondegree), and first professional.
7. **First-Time Transfer Student** - The student is to be counted as a transfer from the last institution attended prior to acceptance by the receiving institution. A first-time graduate student is not to be reported as a transfer from his undergraduate institution. Include the first-time transfer student whose transfer credits are being held pending validation of coursework. The student should be listed as she will be classified upon the validation of her coursework. Report first-time transfers for each degree level. The student may transfer with or without credit.
8. **GRS Cohort** – In column 54, for the fall enrollment report only, indicate Y if the student is full-time and eligible to be included in the Integrated Postsecondary Education Data System (IPEDS) Graduation Rate Survey (GRS) Cohort, P if the student meets the criteria and is enrolled part-time, or N if the student is not eligible. The following criteria determine whether an undergraduate student is included in the cohort:

Full-time First-time: Include students who attended college for the first time (either part-time or full-time) in the prior summer term whether at the same college, another college in Kentucky, in another state, or another country. Summer semester will be counted whether the student enrolled as degree-seeking or not. Also include students who have entered with advanced standing (college credits earned before graduation from high school). Degree/certificate seeking: Students must be enrolled in courses creditable toward a degree, diploma, certificate, or other formal award. Include students in occupational and vocational programs. Students at four-year institutions whose intent is not known are to be reported in the bachelor's cohort.
9. **International Exchange Student** - Report all Type One information for each student currently enrolled in an institution in another country under a formal international student exchange program between that institution and the Kentucky institution. Report each of these students as full-time. For each exchange student attending a foreign institution, report the appropriate residency code of "A," "B," or "C." Report residency code "E" for each international exchange student from a foreign country attending a Kentucky institution.
10. **Location of High School Graduation, First-Time First-Year Certificate- or Diploma-Seeking Students and First-Time Degree Seeking Students** - Report students graduated from a Kentucky high school by specific high school code. If the high school does not appear in Table 13, report by county as shown in the table. For a student with a GED certificate, use the code A121. For a student graduating from an out-of-state high school, use the code A200. For a student with no high school diploma or GED certificate, use the code A122. For a student who has been home schooled, use the code A123. For a student who has been home schooled, but who also received the GED, report the home schooled code A123.

11. **Multi-Institution Program** – If the student is enrolled in a joint, cooperative, collaborative, or other multi-institution program, report ‘X’ in column 107 for the first major or in column 108 for the second major. The student classification should reflect his or her status at the “home” institution.
12. **Multiple Degree Program Code** - For each CIP code which has more than one degree designation at the same level, report for junior and senior students only in column 99 for the first major ~~and column 100 for the second major~~ the specific degree which the student is seeking. Use codes from Table 33A. For freshman and sophomore students leave these columns blank. Report student declared major and major prefix for all freshman and sophomore students in multiple degree programs.
13. **National Exchange Student** – Report all Type One information for each student enrolled in your institution but currently attending another institution under a formal agreement with the National Student Exchange. Report each of the students as full-time. For each exchange student attending another institution under this agreement, report the appropriate residency code of ‘A’ or ‘C.’ Report the residency code ‘E’ for each exchange student from another state attending a Kentucky institution.
14. **Pre-College Curriculum** - Report in column 55 the appropriate code from Table 22 for each pre-college curriculum student as defined in these Guidelines (definition 41). The PCC code is to be reported only for the semester in which the student is first subject to PCC status verification. Column 55 should be blank for all students other than those who are subject to PCC status for the first time. Use codes 1, 2, and 4 from Table 22 for all pre-college curriculum students as described in definition 41.
15. **Residency Status** - The student's official residency status, as determined by the Council on Postsecondary Education's "Policy on Classification of Residency for Admission and Tuition Assessment Purposes." (See Table 3.)
 - a. *In-state student* – Code A is to be reported for a student who is determined to be a legal resident of Kentucky.
 - b. *Out-of-state reciprocity student (with tuition waiver)* - Code B residency status is to be reported for a student under the reciprocity agreements approved by the Council on Postsecondary Education at Morehead State University, Murray State University, Northern Kentucky University, University of Louisville, Western Kentucky University, ~~Ashland, Owensboro, and Jefferson Technical Colleges; and Ashland, Henderson, Hopkinsville, Jefferson, Maysville, Owensboro, Paducah, and Southeast Community Colleges~~ Ashland Community and Technical College, Gateway Community and Technical College, Henderson Community College, Hopkinsville Community College, Jefferson Community and Technical College, Maysville Community and Technical College, Owensboro Community and Technical College, Southeast Kentucky Community and Technical College, West Kentucky Community and Technical College. Code B is also to be reported for KYVU students from any state-supported institutions if they have been granted tuition reciprocity by their “home” school of enrollment.
 - c. *Out-of-state (without tuition waiver)* – Code C is to be reported for a student who is determined not to be a legal resident of Kentucky.

- d. *Out-of-state (SREB Academic Common Market and University of Kentucky/University of Florida Bilateral Degree Program)* - Code D residency status is to be reported for a student from outside Kentucky enrolled in one of the approved Academic Common Market degree programs or in the Kentucky/Florida Bilateral Degree Program.
- e. *Out-of-state international and national exchange students* - Code E residency status is to be reported for a foreign student enrolled in a formal international student exchange program and for an out-of-state student enrolled in the National Student Exchange Program.
- f. *Undetermined Residency* – Code F residency status is to be reported for post-doctoral students and house staff at the University of Kentucky and the University of Louisville if they are not enrolled in any course for credit and a residency determination has not been made.

16. Student Classification -

- a. An undergraduate student is to be classified based on total semester credit hours earned, except in the following cases:
 - 1. A transient student should be classified as "undergraduate nondegree."
 - 2. Special students are listed in the definitions: "audit student," "post-baccalaureate nondegree student," "post-baccalaureate degree-seeking," "post-baccalaureate certificate," "undergraduate nondegree," or "high school."
 - 3. Certificate- or diploma-seeking students at the technical colleges should be classified as "first-year" or "second-year" based on whether they are in their first or second year of a particular program.
- b. A graduate transient student should be classified as "graduate nondegree."
- c. A post-master's student, not officially admitted to a certificate, master's, specialist's or doctoral program, should be classified as "graduate nondegree."
- d. A regular degree-seeking student who, for a semester, enrolls as an audit student only may be reported with his regular classification and declared major. This applies only to degree-seeking students.

17. Students in Classes Taught by One Institution on Another Campus - Enrollment (Types One, Two, and Three) is to be reported by the institution offering the instruction.

18. Total Credit Hours - Total semester hours taken for credit, excluding audit hours.

19. Transfer Credit - For each undergraduate first-time transfer student, report in columns 56-58 the total number of semester credit hours recorded on the student's academic permanent record as accepted by your institution as transfer credit from all previously attended Kentucky and out-of-state institutions. If hours cannot be determined at the time of reporting, please report XXX in columns 56-58. At a later date, institutions will report actual transfer hours for all reported XXX's. For students who have previously earned a degree and are earning a second degree at the same level, report **tbd (transfer baccalaureate degree) or **tad** (transfer associate degree) in**

columns 56-58. If decimals, round to the nearest whole number (less than .50 round down). If no credit hours are accepted for a first-time transfer student, report **000** in columns 56-58.

20. **Year of High School Graduation, First-Time First-Year Certificate- or Diploma-Seeking Students and First-Time Degree Seeking Students** - Report the last two digits of the year the student graduated from high school or received the GED certificate in columns 75-76. Report the first two digits of the year (19 or 20) in columns 103-104.
21. **Zip Code of Kentucky Resident First-Time Degree Seeking Students** – Report the zip code of the permanent address of all Kentucky resident first-time degree seeking students in columns 109-113.

Type Two (Course) Record:

1. **Audit** - Code "Y" (Yes) for audit courses and "N" (No) for courses taken for credit.
2. **Contact Hours** – Technical colleges are to report the number of contact hours for which a student is receiving credit in the course. For audit courses, code the number of hours for which the student was charged. Report the course contact hours in columns 37-38.
3. **Credit Hours** - Number of semester hours for which a student is receiving credit. For audit courses, code number of hours for which the student was charged.
4. **International Exchange Course** - For each student currently enrolled in an institution in another country under a formal international exchange program, report a Type Two Record with the Course ID Department Abbreviation and Number of IES 333 (universities) or 233 (KCTCS colleges), and report the code for the foreign country in which the student is enrolled in the Course ID section field, right justified. Report course with one credit hour. For foreign students attending a Kentucky institution, report a Type Two Record for each course in which the student is enrolled.
5. **National Student Exchange Course** - For each student enrolled in your institution but currently attending an institution in another state under the National Student Exchange Program, report a Type Two Record with the Course ID Department Abbreviation and Number of NES 333 (universities) or 233 (KCTCS colleges), and report the code for the state in which the student is enrolled in the Course ID section field, right justified. Report the course with one credit hour. For students from institutions in another state who are attending a Kentucky institution, report a Type Two Record for each course in which the student is enrolled.

Type Three (Class) Record:

1. **Contact Hours** – Technical colleges are to report the number of contact hours required for each class. Report these hours in columns 25-26.
2. **Council-Approved Graduate Center** - For each course offered at an approved graduate center, indicate in column 24 the location of the center. Use the designated codes from Table 27.
3. **Course Level** - Each course should be assigned only one course level. The course level should be assigned relative to the intended degree of complexity or expected level of student comprehension rather than the student level (or classification) of those enrolled in the course. The course level should be coded based on the following, using the appropriate code from Table 10:

- a. *Technical Level* – Courses designed primarily for the instruction of students in technical programs at technical colleges.
- b. *Lower Division* - Courses designed primarily for the instruction of freshman or sophomore students.
- c. *Upper Division* - Courses designed primarily for the instruction of junior or senior students.
- d. *Graduate* - Courses designed primarily for the instruction of graduate students.
- e. *First-Professional* - Courses designed primarily for the instruction of first-professional (dentistry, law, medicine, or Pharm D) students.

Courses designed to jointly serve two student levels should be assigned the lower of the appropriate codes.

4. **Courses Taught in Multiple Counties, States, or Countries** - For courses taught in more than one county, state, country, or any combination, use the codes from Tables 4A, 4B, and 5A as follows: multiple states - B99; multiple foreign countries - BZZ; multiple counties - B18; other multiple sites - BMS.
5. **Distance Learning Provider** – Report distance learning course providers on the Type 3 record by entering “I” for institutionally provided courses, “K” for KYVU courses, “T” for KET courses, and “O” if other organizations are providing the reported distance learning course in column 40. To be counted as KYVU (a) a course, module, or other program must be housed on a course management platform or other software licensed by the KYVU or (b) the registration for the course, module, or other program occurred through KYVU regardless of where the course is housed electronically. Report the code from Table 6 for the primary mode of delivery for these courses. The off-campus location in columns 34-36 and the off-campus site in columns 88-90 can be left blank for distance learning courses.
6. **Dual Credit** - In column 22 indicate whether course is for dual credit; in column 23 indicate whether teacher of record is a high school teacher.
7. **International Exchange Class** - Report a Type Three Record to include all students enrolled in an institution in another country during the current semester in a formal international student exchange program. The class is to be reported with Department Abbreviation and Number of IES 333 (universities) or 233 (KCTCS colleges). Report the code for the foreign country in which the student is enrolled in the Course ID section field, right justified. Report a separate Type Three Record for each foreign country in which students are enrolled. Report each class with one credit hour. Report course level code of 00 for each IES class. Report the class with the on-campus location.
8. **National Student Exchange Class** – Report a Type Three Record to include all students who are enrolled in your institution, but who are attending an institution in another state during the current semester as a participant in the National Student Exchange Program. The class is to be reported with the Department Abbreviation and Number of NES 333 (universities) or NES 233 (KCTCS colleges). Report the code for the state in which the student is enrolled in the Course ID section field, right justified. Report a separate Type Three Record for each state in which students are enrolled. Report each class with one credit hour. Report the course level code of 00 for each NES class. Report the class with the on-campus location.

9. **Off-Campus Location** - For each course taught off-campus, excluding distance learning courses, report the county, state, or country in which the class is located. If a course is taught off-campus at an out-of-state or foreign country location, report the off-campus location with a "B" and the state code from Table 4-A or the foreign country code from Table 4-B. Example: A course taught in Ohio would be reported "B36."
10. **Off-Campus Site** - For each course taught off-campus and outside the institution's home county, branch, or extended campus center, excluding distance learning courses, also report the site (town and community) in which the class is located. In columns 88-90 report the appropriate off-campus site from Table 29. For each new site not contained in Table 29, assign the next available numeric code.
11. **On/Off-Campus Classification** - A course taught partially at a location classified as on-campus and partially at a location classified as off-campus is to be counted as on-campus only if at least 50 percent of the instruction takes place on-campus. IES 333 (International Exchange Student) and NES 333 (National Exchange Student) are to be reported as on-campus.

FORMAT OF TYPE 1 (STUDENT) RECORD

(One Record Per Student)

<u>Column</u>	<u>Length</u>	<u>Type</u>	<u>Table</u>	<u>Field Description</u>
1	1	Numeric		Form Number, always 1
2-9	8	Numeric	1	Institution Number (FICE Code)
10-18	9	Numeric		Social Security Number (must be non-blank)
19-33	15	Alpha		Last Name (left justify)
34-43	10	Alpha		First Name (left justify)
44-45	2	Numeric		Year of Birth
46	1	Alpha		Sex - Male/Female (M/F)
47	1	Numeric	2	Race
48	1	Alpha	3	Residency Status
49-50	2	Alpha	4-A	State, Territory, or Foreign Country
			4-B	of Origin (right justify, zero fill)
51-53	3	Numeric	5-A, 5B	County of Origin (right justify, zero fill)
54**	1	Alpha		GRS Cohort Yes/No/Part-time (Y/N/P)
55	1	Numeric	22	Pre-College Curriculum Status
56-58	3	Alphanumeric		Number of hours accepted in transfer (right justify, zero fill; no decimal)
59*	1	Alpha		Full/Part Time (F/P)
60-61	2	Numeric	7	Student Classification (right justify, zero fill)
62	1	Numeric		First-Professional Year (1,2,3,4,9)
63	1	Blank		Blank
64	1	Alpha		First-Time Student Yes/No (Y/N)
65	1	Alpha		First-Time Transfer Yes/No (Y/N)
66-71	6	Numeric	9	Transfer Student - FICE Code of institution from which student transferred (must be coded if column 65 is "Y")
72-74	3	Numeric		Total Credit Hours Excluding Audit Hours (One Decimal Place) (right justify, zero fill)
75-76	2	Alphanumeric		Year of High School Graduation (blank fill)
77-80	4	Alphanumeric	13	High School Code
81	1	Alpha	15	Declared First Major Prefix
82-89	8	Numeric	16-B, 17	Declared First Major Code (left justify, blank fill, do not include decimal points)
90	1	Alpha	15	Declared Second Major Prefix
91-98	8	Numeric	16-B, 17	Declared Second Major Code (left justify, blank fill, do not include decimal points)
99	1	Alpha	33-A	Multiple Degree Designation - First Major
100	1	Alpha <u>Blank</u>	33-A	Multiple Degree Designation - Second Major <u>Blank</u>
101-102	2	Numeric		Century - Year of Birth
103-104	2	Alphanumeric		Century - Year of High School Graduation (blank fill)
105-106	2	Blank		Blank
107	1	Alpha		Multi-Institution Program – First Major
108	1	Alpha		Multi-Institution Program – Second Major
109-113	5	Numeric		Zip Code of Permanent Address

***Data not reported in summer.**

**** Reported only in the fall.**

FORMAT OF TYPE 2 (COURSE) RECORD

(One Record Per Student Course)

<u>Column</u>	<u>Length</u>	<u>Type</u>	<u>Table</u>	<u>Field Description</u>
1	1	Numeric	1	Form Number, always 2
2-9	8	Numeric		Institution Number (FICE Code)
10-18	9	Numeric		Social Security Number (must be non-blank)
19-22	4	Alphanumeric		Department Abbreviation (left justify)
23-26	4	Alphanumeric		Course Number (left justify)
27-30	4	Alphanumeric		Section Number (right justify)
31-33	3	Numeric		Credit Hours (One Decimal Place) (right justify, zero fill)
34-35	2	Blank		Blank
36	1	Alpha		Audit Course - Yes/No (Y/N)
37-38	2	Numeric		Contact Hours
39-40	2	Blank		Blank

FORMAT OF TYPE 3 (CLASS) RECORD

<u>Column</u>	<u>Length</u>	<u>Type</u>	<u>Table</u>	<u>Field Description</u>
1	1	Numeric	1	Form Number, always 3
2-9	8	Numeric		Institution Number (FICE Code)
10-13	4	Alphanumeric		Course ID - Department Abbreviation (left justify)
14-17	4	Alphanumeric		Course ID - Course Number (left justify)
18-21	4	Alphanumeric		Course ID - Section Number (right justify)
22	1	Alpha	27	Dual Credit Course, Yes/No (Y/N)
23	1	Alpha		High School Teacher of Record, Yes/No (Y/N)
24	1	Alpha		Approved Graduate Center
25-26	2	Numeric		Contact Hours
27-29	3	Numeric		Credit Hours - Minimum (or fixed) (One Decimal Place) (right justify)
30-32	3	Numeric		Credit Hours - Maximum (One Decimal Place) (leave blank if same as minimum)
33	1	Numeric		1 = On-Campus, 2 = Off-Campus
34-36	3	Alphanumeric		Off-Campus Location
37-39	3	Numeric		Number of Students in Class (right justify, zero fill)
40	1	Alpha		Distance Learning Provider (I=Institutional, K=KYVU, N=No, T=KET, O=Other)
41	1	Alpha	6	Primary Distance Learning Mode of Delivery
42-78	37		10	Blank
79-80	2	Numeric		Course Level (right justify, zero fill)
81-87	7	Blank		Blank
88-90	3	Numeric	29	Off-Campus Sites
91-100	10	Blank		Blank

ENROLLMENT FALL/SPRING/SUMMER

Definitions

1. **Academic Common Market** - SREB cooperative agreement whereby an out-of-state student from an SREB state is charged in-state rate when enrolled in an eligible degree program. Program eligibility is based on program unavailability in the student's home state along with the approval of the institution, the Council on Postsecondary Education, and the coordinating board of the student's home state.
2. **Audit Course** - A credit course will be defined as "audit" for a student who takes the course for zero hours credit.
3. **Audit Student** - Student who is not enrolled in a certificate, diploma, or degree program but is enrolled only in one or more "audit course." (See instruction 16.d for information on degree-seeking students auditing courses.)
4. **Council Approved Graduate Center** - Currently recognized centers can be found in Table 27.
5. **Course Level** - The level of offering for instructional courses. Course levels are assigned relative to the intended degree of complexity or expected level of student comprehension rather than the student level of those enrolled in the course. The course levels included within each discipline category are technical, lower division, upper division, graduate, and first-professional.
6. **Declared Major** - The major program and degree level objective, according to the student's stated intent.
 - a. *First Major* - For the student who has declared intent to earn a certificate, diploma, or degree with more than one program of study (double major), the field of greater specialization and/or primary interest.
 - b. *Second Major* - For a student who has declared intent to earn a certificate, diploma, or degree with more than one program of study (double major), the field of secondary interest.
 - c. *Undecided, Undeclared Major (00.0000)* - The major field for a certificate-, diploma-, or degree-seeking student who has not declared a major or who, because of official institutional policy, is not permitted to declare a major.
7. **Declared Major or Program Prefix Code** – The alpha code indicating the level of a student's declared degree or program as listed in Table 15.
8. **Distance Learning** – Any for-credit instruction where more than 50 percent of the delivery of instruction may utilize any or all of the following: print material, e-mail, telephone, audio tape, video tape, television/VCR, satellite, or computer for access to CD ROM, interactive video, Internet, or the Web. The instructor must be physically separated from the students for the majority of the term. This criterion excludes sessions that may be scheduled individually, such as advising, labs, or testing. KTLN sections that originate from campus are considered distance learning courses.
9. **Doctoral Coursework Student** - Doctoral student who is enrolled in a doctoral degree program in at least one course for credit.

10. **Doctoral Dissertation Student** - Doctoral student who has completed all required coursework and is working on a research project or dissertation.
11. **Dual Credit Course** - A course for which both a high school and a college/university award credit to a high school student.
12. **Ethnicity** – As noted in the Integrated Postsecondary Education Data System (IPEDS) Enrollment Survey instructions, a nonresident alien is a person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. As noted in the Council on Postsecondary Education Administrative Regulation 13 KAR 2:045 for determination of residency status for admission and tuition assessment purposes, the following nonimmigrant visa designations are not eligible to establish domicile or residency: B, C, D, F, H-2, H-3, H-4 if accompanying a person with an H-2 or H-3 visa, J, M, O, P, Q, S, TD, or TN. Students holding these visas should be reported as nonresident aliens.

Alternatively, resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status are to be reported in the appropriate racial/ethnic categories along with United States citizens. These students hold an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status (such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian). Also, students with visa designations A, E, G, H-1, H-4 if accompanying a person with an H-1 visa, I, K, L, N, and R are permitted to establish domicile in the United States and should be reported in the appropriate racial/ethnic categories along with United States citizens.

13. **Fifth-Year Student** - Student who has earned at least 120 semester credit hours and is enrolled in a program with a five-year curriculum.
14. **First-Professional Student** - Student enrolled in dentistry (51.0401), law (22.0101), medicine (51.1201), or "Pharm D" program (51.2001).
15. **First-Professional Nondegree Student** - Student enrolled in first-professional courses for credit, not enrolled in a degree program, and does not intend to receive a degree from the institution. This student should be reported with nondegree major program code (90.0000) and with the first-professional year of "9."
16. **First-Time Student** (Other than first-time transfer) –
 - a. *First-Time Undergraduate Student* - An undergraduate student who has not previously attended any postsecondary institution or who attended postsecondary level courses as a high school student and is currently enrolled for the first time since high school graduation. DO NOT include students who are currently in high school taking postsecondary level courses. Includes first-time first-year KCTCS certificate- or diploma-seeking students (01), first-time freshmen (01), first-time sophomore (02), and undergraduate nondegree students (05).
 - b. *First-Time Graduate Student* - A student who has, for the first time, been classified as one of the following: master's (06), specialist's (07), doctoral (08), or graduate nondegree (16).

- c. *First-Time First-Professional Student* - A first-professional student who has, for the first time, been classified as a first-professional student.
17. **First-Time Transfer Student** - A certificate-, diploma-, or degree-seeking student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., technical, undergraduate, graduate). The student may transfer with or without credit.
18. **First-Year Certificate or Diploma Student** – A certificate- or diploma-seeking student who is enrolled in the first year of a program. Report with student classification code 01.
19. **Freshman** - Student who has graduated from high school and earned fewer than 30 semester credit hours.
20. **Full-Time Student** - An undergraduate student enrolled for at least 12 credit hours, or a graduate student enrolled for at least nine credit hours. Hours in courses taken for audit are to be included in the calculation of full-time status.
21. **Graduate Nondegree Student** - Student with at least a baccalaureate degree enrolled in the graduate school but not in a degree program.
22. **High School Student** - Student currently in high school and enrolled in postsecondary level courses; should be reported with 90.0000 -- nondegree program.
23. **House Staff (Residents and Interns)** - An individual with a recognized terminal professional degree in one of the health professions who is engaged in postgraduate training in a program in the individual field (conducted in the university hospital or one of its affiliated institutions).
24. **International Exchange Student** - A student enrolled in a formal international exchange program between a Kentucky institution and a participating institution in another country.
25. **Junior** - Student who has earned at least 60, but fewer than 90, semester credit hours.
26. **Kentucky or Waiver County, State, Territory, or Foreign Country of Origin** - County, state, territory, or country of legal residence at time of first admission to the institution.
27. **Main Campus** - Property located in the institution's home county and owned by the institution or one of its affiliated corporations.
28. **Master's Degree Student** - Student with at least a baccalaureate degree enrolled in a graduate program that results in a master's degree.
29. **Multi-Institution Program** – A program that involves resource sharing among multiple institutions or organizations. All participating institutions share responsibility for some aspects of the program's delivery and quality. The appropriate faculty and staff of each participating institution will agree on the home school of enrollment for participating students, degree conferral, financial aid, program delivery, the allocation of equipment and facilities, provision of student services, assessment criteria, and the general management of the program. A copy of the program agreement will be submitted to the Council on Postsecondary Education prior to recognition of the arrangement on the CPE's *Registry of Degree Programs*. This definition applies to joint, cooperative, and collaborative programs and other multi-institution agreements.

30. **Multiple Degree Program Code** - A code that is used to identify multiple degree programs at the same degree level; for example, a BA and a BFA in art.
31. **National Exchange Student** - A student attending a Kentucky institution or a Kentucky student attending an out-of-state institution as part of the National Student Exchange Program.
32. **Net Credit Hour Enrollment** - Total semester credit hours for which a student is enrolled as of the census date.
33. **Net Headcount Enrollment** - Total number of students who are enrolled as of the census date.
34. **Off-Campus Instruction** - All courses taught at any location other than "on-campus."
35. **On-Campus Instruction** - All courses taught within the boundaries of the main campus.
36. **Post-Baccalaureate Nondegree Student** - Student with a baccalaureate degree who is enrolled in technical or undergraduate coursework but is not enrolled in a certificate, diploma, or degree program. Should be reported with nondegree major program code (90.0000).
37. **Post-Baccalaureate Certificate Student** - A student enrolled in a CPE-approved post-baccalaureate certificate program. Report with classification code 31 - Post-Baccalaureate Certificate, degree program prefix code C, and the appropriate post-baccalaureate certificate program CIP code.
38. **Post-Baccalaureate Degree-Seeking Student** - A student with a baccalaureate degree who is working toward another baccalaureate degree, an associate degree, a certificate, or a diploma. Report with classification code 30 - Post-Baccalaureate Degree-Seeking - and with the appropriate degree prefix and program CIP code.
39. **Post-Doctoral Student** - A student pursuing work in a program of study who has earned a doctoral or equivalent degree in an appropriate field.
40. **Post-Master's Certificate Student** - A student enrolled in a CPE-approved post-master's certificate program. Report with classification code 32 - Post-Master's Certificate, degree program prefix code C, and the appropriate post-master's certificate program CIP code.
41. **Pre-College Curriculum (PCC) Status** - Students classified as: (a) a first-time freshman enrolled in a baccalaureate level degree program; (b) a freshman first-time transfer; (c) a first-time transfer with less than 24 credit hours applicable toward a baccalaureate level degree program; or (d) a conversion from nondegree, certificate, or associate degree status to baccalaureate degree status with less than 24 hours.

Each student should be reported as (1) - having successfully completed all PCC courses (including those handicapped students for which a PCC required course is waived in accordance with 13 KAR 2:020, Section 3(5); (2) - not having successfully completed all PCC courses; or (4) - exempt from PCC requirements (includes adult students age 21 or older; students entering a baccalaureate degree program with 24 or more credit hours applicable to the degree and a GPA of at least 2.0 on a 4.0 grading scale; nonresident students; nonresident alien students; and active-duty military personnel, their spouses, and their dependents).

42. **Primary Distance Learning Mode of Delivery** - For each distance learning course, indicate the method of instructional delivery:

- Internet/World Wide Web.
 - Site-to-site, 2 way, audio/video. Includes compressed video via land lines (e.g., T1 lines).
 - Open Broadcast/Community Cable Television (excluding KET) – A telecourse that is transmitted by traditional television open broadcast signal and that can usually be viewed in one's home via antenna reception or local cable service.
 - Print-Based, Audiotaped, Videotaped, Telephone, or CD.
 - Kentucky Educational Television – Open broadcast courses offered by KET.
 - Satellite and Microwave Telecourse – Telecourse that requires students to report to a specific site to enroll in and view the course. Includes satellite and microwave delivery.
43. **Second-Year Certificate or Diploma Student** – A certificate- or diploma-seeking student who has completed the first year of a program of more than one year in length. Report with student classification code 02.
44. **Senior** - Student who has earned at least 90 semester credit hours.
45. **Sophomore** - Student who has earned at least 30, but fewer than 60, semester credit hours.
46. **Specialist's Degree Student** - Student with at least a master's degree enrolled in a graduate program that results in a specialist's degree.
47. **Technical College Main Campus** – The parent institution that has a chief administrative officer to whom each branch, extension, or other type of separate site is subordinate and accountable. The accreditation liaison officer must be a permanent staff member at the main campus. Main campus catalogs must describe all programs offered by the main campus and other sites.
48. **Technical College Branch of a Main Campus** – A subordinate facility that operates under the supervision of a full-time, on-site, local administrator who reports to the chief administrative officer of the main campus. The branch must meet all educational guidelines of the main campus, and comply with the operational policies of the main campus. Branches may offer different programs than the main campus, providing all programs are described in the main campus catalog.
49. **Technical College Extension of a Main Campus** – A subordinate facility located within a 50-mile radius of the main campus. Direct supervision and control are provided from the main campus, and the staff is limited primarily to instruction and support staff. All programs of an extension must meet educational guidelines of the main campus, and comply with the operational policies of the main campus.
50. **Transfer Credit** - The total semester credit hours recorded on the student's academic permanent record as accepted by the institution as transfer credit from all previously attended Kentucky or out-of-state institutions.
51. **Transient Student** - A student in good standing in any recognized institution who is enrolled in another institution for credit to be transferred to the student's home institution.
52. **Undergraduate Nondegree Student** - Student who is enrolled for credit in technical or undergraduate courses but does not intend to receive a certificate, diploma, or degree from the institution and has not received a certificate, diploma, or undergraduate degree. Should be reported with 90.0000 – nondegree program. (DO NOT include students who are currently in high school taking postsecondary level courses.)

53. **Undergraduate Student** – Student enrolled in a four- or five-year bachelor’s degree program, an associate degree program, or in a vocational or technical program below the baccalaureate that is normally terminal and results in formal recognition.

End-of-Term Credit

Fall 2005
Spring 2006
Summer 2006

<p style="text-align: center;">DUE DATES: Fall: TBA Spring: TBA Summer: TBA</p>

**END-OF-TERM CREDIT
FALL/SPRING/SUMMER**

General Instructions

The fall/spring/summer end-of-term enrollment files should include end-of-term enrollment in all attempted credit reported in the Type 2 record on the census date. For each fall term, spring term, and summer term, the Type 2 (course) field, Final Grade, should be updated for each course record submitted earlier as part of the enrollment report for the corresponding term. All grades awarded up to 30 days after the last day of final exams should be processed and reflected on the file. This date must agree with the official university calendar.

Records cannot be added to the Type 2 file.

1. Final Grade: For each attempted credit hour field in the Type 2 record submitted for the corresponding term enter a letter grade reflecting the recorded grade 30 days after the end of the term.

FORMAT OF TYPE 2 (COURSE) RECORD

(One Record Per Student Course)

<u>Column</u>	<u>Length</u>	<u>Type</u>	<u>Table</u>	<u>Field Description</u>
1	1	Numeric	1	Form Number, always 2
2-9	8	Numeric		Institution Number (FICE Code)
10-18	9	Numeric		Social Security Number (must be non-blank)
19-22	4	Alphanumeric		Department Abbreviation (left justify)
23-26	4	Alphanumeric		Course Number (left justify)
27-30	4	Alphanumeric		Section Number (right justify)
31-33	3	Numeric		Credit Hours (One Decimal Place) (right justify, zero fill)
34-35	2	Blank		Blank
36	1	Alpha		Audit Course - Yes/No (Y/N)
37-38	2	Numeric		Contact Hours
<u>39-40</u>	<u>2</u>	<u>Alphanumeric</u>		<u>Final Grade</u>

Student Athletes

DUE DATE: December 1

STUDENT ATHLETES

General Instructions

Council staff will provide transfer out information for campus student-athletes for the IPEDS Graduation Rate Survey. Institutions can provide a data file of the IPEDS Graduation Rate Survey cohort of degree-seeking students receiving athletically-related student aid. Four-year institutions will report from the fall 1999 cohort, and two-year institutions from the 2001 cohort. CPE staff will include these students in the calculations necessary for completion of the 2005 GRS Survey.

Student Athletes

Submit a file containing the institution FICE code, student name, social security number, and sports code for each student in the IPEDS Graduation Rate Survey cohort who received athletically-related student aid.

Sports Codes

<u>Code</u>	<u>Sport</u>
1	Football
2	Basketball
3	Baseball
4	Cross-Country/Track
5	All Other Sports Combined

Definitions

1. **Athletically-Related Student Aid** – Any scholarship, grant, or other form of financial assistance, offered by an institution, the terms of which require the recipient to participate in a program of intercollegiate athletics at the institution in order to be eligible to receive such assistance.

Summer Degrees

DUE DATE: December 1

SUMMER DEGREES

General Instructions

Council staff **will** include summer semester graduations in the IPEDS Graduation Rate Survey rate calculation. Because summer 2005 degrees data are not officially submitted until August 1, 2006, institutions can submit a separate summer 2005 degrees file by December 1, 2005, that will be used in determining the 2006 graduation rate in May, 2006.

Summer Degrees

Report summer data using the same format specified for the annual degrees and formal awards on page 43.

Definitions

1. **Summer Degrees Data** – Degrees, certificates, or diplomas awarded at the close of the summer semester.

Articulation Agreements and Transfer Frameworks

<p style="text-align: center;">DUE DATES: FALL: November 15 SPRING: April 15 SUMMER: September 1</p>
--

**ARTICULATION AGREEMENTS AND TRANSFER FRAMEWORKS
FALL/SPRING/SUMMER**

General Instructions

Report transfer information separately for each term, using the Type Eight Record.

From the institution's database, complete a Type Eight Record for each first-time undergraduate transfer from a Kentucky state-supported postsecondary institution and each first-time freshman who graduated with an articulation agreement from a Kentucky high school.

1. **Articulation Code** – In columns 57 and 58, provide the appropriate articulation code from Table 36 for each first-time freshman and first-time undergraduate transfer with a certified transfer agreement. Codes should be **left justified**. Report the code 'x' in Column 57 for each student with no agreement.
2. **Transfer Framework for Baccalaureate Programs** – For each undergraduate first-time transfer student reported with the articulation code 'D,' report in columns 59 through 66 the certified framework code from Table 37. If the student was certified in two frameworks, report the second framework code in columns 67 through 74. Codes should be **left justified**.

KET Telecourse Enrollment

<p style="text-align: center;">DUE DATES: FALL: November 1 SPRING: March 30 SUMMER: August 15</p>
--

**KENTUCKY EDUCATIONAL TELEVISION
TELECOURSE ENROLLMENTS**

General Instructions

Report KET telecourse enrollment on a copy of the form provided in these guidelines.

For each reporting period in which your institution has enrollment, enter on the Telecourse Identification and Enrollment Form the department, course and section number, and title of each course as it appears in the KET Telecourse Catalog. Courses that have been canceled, regardless of the reason, should be reported on the form in the manner described above; however, instead of reporting enrollment, report that the course was canceled.

Mail the completed and signed form to the KET address provided on the reporting form by the reporting date.

COUNCIL ON POSTSECONDARY EDUCATION
TELECOURSE IDENTIFICATION AND ENROLLMENT FORM
KENTUCKY STATE-SUPPORTED AND INDEPENDENT INSTITUTIONS
SEMESTER/TERM _____

If your institution is participating in the Council on Postsecondary Education Telecourse Program, broadcast by KET, indicate ***in ink*** the telecourse name, institutional course identification associated with each telecourse, enrollment for each course, and then a grand total enrollment for all telecourse programs. ***Please indicate any telecourses canceled due to low enrollments or other reasons.***

Institution _____ **Respondent** _____
 _____ (signature)
 _____ (phone) _____ (title)

[illegible]

Grand Total Enrollment

RETURN THIS FORM NOT LATER THAN AUGUST 15, NOVEMBER 1, OR MARCH 30 TO:

Laura Orsetti
Kentucky Educational Television
600 Cooper Drive
Lexington, Kentucky 40502
(Phone: 859/258-7279 Fax: 859/258-7399)

NOTE: Signature of respondent is necessary to meet PBS guidelines

Student Feedback System

DUE DATE: SUMMER: July 1

STUDENT FEEDBACK SYSTEM

Background

13 KAR 2:020 sets forth the Council's systemwide policy for assessing and placing students in appropriate level courses. The assessment and placement policy is designed to ensure that underprepared students receive the remedial help necessary to maximize their chances of success. Students who score below the systemwide standard in mathematics, English, or reading will generally be placed into an appropriate remedial course in the relevant discipline or a college-level class that offers supplementary academic support.

The Council's admissions regulation requires institutions to report several types of data on first-time degree-seeking students that will be used to evaluate the success of remediation efforts. The student feedback system accomplishes two important objectives. First, data submissions to the feedback system will enable the Council to study the retention and academic performance of first-time freshmen who score below the systemwide standard for placement into college-level courses. Second, institutional submissions to the student feedback system will replace the annual data collection used to generate *The Kentucky High School Feedback Report*.

Since 1992, the Council, ACT, and Kentucky's public and independent colleges and universities have collaborated to produce a feedback report on the performance of high school graduates during their first semester of college. The report contains information that enables high school administrators and faculty to compare the academic preparation of their recent graduates with other freshmen from their region and from the entire state. The information contained in the high school feedback report duplicates some of the information that will be used to evaluate the effectiveness of remedial programs. The student feedback system eliminates the separate data submission required for the annual feedback report.

General Instructions

Baccalaureate, associate, and undecided cohorts are tracked for two years. Institutions are required to submit data twice for each cohort. The annual data submissions are due on July 1.

The certificate and diploma cohorts are only tracked for one year and require one submission every year.

In order to facilitate analysis of the Council's mandatory placement policy and provide more timely high school feedback reports, each summer/fall cohort is tracked. The due dates and cohorts for the next several years of reporting are as follows:

Baccalaureate, Associate, and Undecided Cohorts

- *July 1, 2005 – Final data submission on summer/fall 2003 cohort; initial data submission on summer/fall 2004 cohort*
- *July 1, 2006 – Final data submission on summer/fall 2004 cohort; initial data submission on summer/fall 2005 cohort.*

Important note: Data elements appearing in the shaded areas in the data layout will be reported only in the initial data submission for each cohort. Data elements listed in the non-shaded areas will be reported in both submissions.

Certificate and Diploma Cohorts

- *July 1, 2005 – Full data submission on summer/fall 2004 cohort*
- *July 1, 2006 – Full data submission on summer/fall 2005 cohort*

Important note: All data elements appearing in the data layout will be reported for each cohort.

STUDENT FEEDBACK DATA LAYOUT

STUDENT FEEDBACK SYSTEM SUMMER

Definitions

ACT Scores – Scores on the mathematics, English, reading, science reasoning, and composite scales of the ACT Assessment test used for placement purposes.

Cumulative Grade Point Average as of First Spring Semester - The student's cumulative grade point average following enrollment in the student's first spring semester. The cumulative grade point average includes any grades received from prior summer, fall, and spring semesters.

Cumulative Number of Credit Hours Earned First Fall Semester - The total semester credit hours recorded on the student's academic permanent record following the first fall semester of enrollment. The cumulative number of credit hours includes any earned credit hours from prior summer, fall, and spring semesters. This total may include credit hours earned while the student was enrolled in high school as a nondegree student.

Cumulative Number of Credit Hours Earned as of First Spring Semester - The total semester credit hours recorded on the student's academic permanent record following the first spring semester of enrollment. The cumulative number of credit hours includes any earned credit hours from prior summer, fall, and spring semesters. This total may include credit hours earned while the student was enrolled in high school as a nondegree student.

First-Time Degree-Seeking Student – An undergraduate who has not previously attended any postsecondary institution or who attended postsecondary level courses as a high school student and is currently enrolled for the first time since high school graduation. Include students who attended college for the first time (either part-time or full-time) in the prior summer term (as degree-seeking or non-degree) whether at the same college, another college in Kentucky, in another state, or another country. Freshmen and students who accumulate sufficient credit prior to entry to enroll as first-time sophomores, juniors, or seniors should be included. The student feedback cohort should match your institution's retention cohort.

Grade in First College-Level Mathematics Course – The letter grade awarded in the student's initial CIP 27 course. Includes college-level courses that offer supplementary academic support beyond that which is usually expected in college-level courses.

Grade in First College-Level English Course – The letter grade awarded in the student's initial CIP 23 course. Includes college-level courses that offer supplementary academic support beyond that which is usually expected in college-level courses.

Grade in First College-Level Social Science Course – The letter grade awarded in the student's initial CIP 45 or 54 course. Includes college-level courses that offer supplementary academic support beyond that which is usually expected in college-level courses.

Grade in First Remedial Math Course – The letter grade awarded in the student's initial remedial course in CIP 32 - code '2'. Remedial (developmental) courses prepare students for college-level study and do not usually apply toward graduation requirements. Place a Z in the field if the student had scored at the remedial level on the ACT but was placed in a college level course or was moved to a college level course during the term.

Grade in First Remedial English Course – The letter grade awarded in the student’s initial remedial course in CIP 32 - code ‘1’. Remedial (developmental) courses prepare students for college-level study and do not usually apply toward graduation requirements. Place a Z in the field if the student had scored at the remedial level on the ACT but was placed in a college level course or was moved to a college level course during the term.

Grade in First Remedial Reading Course – The letter grade awarded in the student’s initial remedial course in CIP 32 - code ‘4’. Remedial (developmental) courses prepare students for college-level study and do not usually apply toward graduation requirements. Place a Z in the field if the student had scored at the remedial level on the ACT but was placed in a college level course or was moved to a college level course during the term.

SAT Scores – Verbal, quantitative, and total scores earned on the SAT Assessment, if used in lieu of scores on the ACT Assessment for placement purposes.

Type of College-Level Course – The degree of concentration in the instruction of a college-level course based upon the average academic readiness of students enrolled.

- *College-level courses* (Code ‘C’) demand knowledge and skills expected of freshmen in post-secondary education and deliver instruction at a pace that most academically prepared freshmen can handle.
- *College-level courses offering supplementary academic support* (Code ‘S’) cover the same material with the same rigor as typical college-level courses. But such courses may meet more frequently or offer extra opportunities for tutoring and lab experiences than typical college-level courses. These courses are offered primarily to students with marginal academic preparation.
- *Advanced-level courses* (Code ‘A’), typically referred to as ‘honors courses,’ demand a greater level of knowledge and skills than that which is expected of most freshmen. Such courses may cover material in greater depth or in an accelerated fashion.

Placement Exam Code – The exam used to place students who do not report ACT or SAT scores. Use as many columns as necessary to report exams used to place the student in reading, English, and math.

<u>Code</u>	<u>Exam</u>
01	Accuplacer Reading Comprehension
02	Accuplacer Sentence Skills
03	Accuplacer Elementary Algebra
04	Accuplacer Arithmetic
05	Accuplacer WritePlacer
06	Asset Writing Skills
07	Asset Numerical Skills
08	Asset Reading Skills
09	Asset Elementary Algebra
10	Asset Intermediate Algebra
11	Asset College Algebra
12	Asset Geometry

13	Compass Writing Skills
14	Compass Reading
15	Compass Pre-Algebra
16	Compass Algebra
17	Compass College Algebra
18	Compass Geometry
19	Compass Trigonometry

Zero GPA Code – If student’s cumulative GPA (columns 82-84) is 0.0, indicate whether student failed all classes or withdrew from the institution.

<u>Code</u>	<u>Student Status</u>
01	Student failed all courses.
02	Student withdrew from all courses.
3	<u>All courses were remedial and not included in GPA.</u>

Institutional Placement Code – If an institutional assessment is used to place a student in a college-level course, report a “1” in the appropriate column.

Licensure
and
Certification Exams

DUE DATE: JULY 15

LICENSURE AND CERTIFICATION EXAMS REPORT

Background

Beginning in 2001, the Council staff collected pass rates for selected licensure and certification exams from the institutions through ad hoc information requests. These requests included pass rates for licensure or certification exams for attorneys, dentists, pharmacists, physicians, radiologic technologists, and respiratory therapists. The staff collected results directly from licensing boards for engineers, nurses, and physical therapists.

Partial results from the ad hoc data collections are displayed on the Key Indicators Website. This data will ultimately become part of the Council's consumer guide, a public information resource related to the Key Indicators project. In addition, licensure and certification pass rates may be used to support efforts to gauge student learning in Kentucky and nationally.

This information is increasing in its use and visibility within the Council. Incorporating this information into the Comprehensive Data Base will provide an accessible record for the collection with a regular process for reviewing and updating the file.

General Instructions

Each summer, institutions will report, as appropriate, pass rates for licensure/certification exams for the indicated professions:

- Attorney
- Dentist
- Pharmacist
- Physician
- Radiologic Technologist
- Respiratory Therapist

Reports will include the test dates, number of first-time takers, and the number of first-time takers passing for the previous twelve-month period. Multiple administrations of an exam within the reporting year should be reported as separate records. Reports should be submitted via Excel spreadsheet. Council staff will continue to collect results directly from licensing boards for engineers, nurses, and physical therapists.

LICENSURE AND CERTIFICATION EXAMS 2005-06
Due Date: July 15, 2006

Profession/Exam	Test Date	Number of First-Time Takers	Number Passing	Pass Rate

Degrees
And Other
Formal Awards Conferred

July 1, 2005 – June 30, 2006

DUE DATE: August 1

**DEGREES AND FORMAL AWARDS CONFERRED
JULY 1 - JUNE 30**

General Instructions

The degrees and formal awards file should reflect the academic period between July 1, 2005, and June 30, 2006. One record for each degree or award conferred should be included in this submission. The date for each degree or award conferred should be reported by term – fall, spring, or summer. Do not report any degrees or awards conferred in previous academic years or not yet completed based on institutional academic policy. Reporting of multi-institution (joint, collaborative, or cooperative) degrees should reflect the degree-granting status of the participating institutions. See Table 17.

Degrees and Formal Awards Conferred Record:

1. **Century** - In compliance with year 2000, indicate the century in which the degree was awarded by reporting a '19' or '20' in columns 87 and 88. Also indicate the century in which the student was born by reporting a '19' or '20' in columns 89 and 90.
2. **Date Conferred** - Report the date of receipt of degree, certificate, or diploma for graduates whose date of completion of degree, certificate, or diploma requirements and date of receipt of degree, certificate, or diploma differ.
3. **Majors** - Majors must be consistent with each institution's program inventory. Use only those codes listed for your institution in Table 17.
4. **Earned Credit Hours** - For each first-time associate and baccalaureate degree recipient, report in columns 84 – 86 the total number of credit hours earned at the time of degree or program completion. This total should include the number of hours accepted in transfer. Do not report credit hours for persons earning a second degree at the same level. For these persons, report **tbd** (transfer baccalaureate degree) or **tad** (transfer associate degree). For each certificate or diploma recipient, report in columns 84-86 the total number of semester credit hours earned for that credential. For subsequent certificate or diploma completions within the same program area, report only the additional hours earned for the additional certificate or diploma.
5. **First Time Conferred** - If degrees or awards were conferred for the reporting period in a program or discipline specialty new to your institution, code '*' in column 59 of the record for each student receiving that degree or award and for each reported major.
6. **Honorary Degree** - Do not include honorary degrees in this report.
7. **Majors of Students Prepared to Teach** - Students receiving baccalaureate degrees that have prepared them to teach an academic subject such as English, biology, or French should be reported respectively in English (23.0101), biology (26.0101), and French (16.0901) and not in education.
8. **Multi-Institution Program** – If the student received a degree offered jointly by more than one institution, report 'X' in column 91.

9. **Multiple Degree Program Code** - For each CIP code that has more than one degree designation at the same level, report in column 60 for the first major ~~and column 75 for the second major~~ the specific degree the student is seeking. Use codes in Table 33A.
10. **Multiple Majors** - When a student graduates with a major in two or more discipline specialties, report each discipline specialty in which the student completed a major. The first reported major (columns 61-68) should agree with the major reported to NCES in the IPEDS Completions Survey.

FORMAT OF DEGREES AND FORMAL AWARDS CONFERRED RECORD

(One Record Per Degree or Award Conferred)

<u>Column</u>	<u>Length</u>	<u>Type</u>	<u>Table</u>	<u>Field Description</u>
1	1	Numeric		Form Number, always 5
2-3	2	Numeric		Year Conferred (last two digits)
4	1	Numeric		Date Conferred: 1 = Summer 2 = Fall 3 = Spring
5-12	8	Numeric	1	Institution Number (FICE Code)
13-21	9	Numeric		Social Security Number
22-36	15	Alpha		Last Name (left justify)
37-46	10	Alpha		First Name (left justify)
47-48	2	Numeric		Year of Birth (last two digits)
49	1	Alpha		Sex: M = Male, F = Female
50	1	Numeric	2	Race
51	1	Alpha	3	Residency Status
52-53	2	Alphanumeric	4-A	State, Territory, or Foreign
			4-B	Country of Origin (right justify, zero fill)
54-56	3	Numeric	5-A	County of Origin (right justify, zero fill)
57-58	2	Numeric	12	Level of Degree or Award Conferred
59	1	Alphanumeric		First Time Conferred: '*' = First-time, blank = other
60	1	Alpha	33A	Multiple Degree Designation - First Major
61-68	8	Numeric	17	First Major Program Code (left justify, blank fill, do not include decimal points)
69-74	6			Blank
75	1	Alpha Blank	33A	Multiple Degree Designation - Second Major Blank
76-83	8	Numeric	17	Second Major Program Code (left justify, blank fill, do not include decimal points)
84-86	3	Numeric		Earned Credit Hours at Time of Degree (right justify, zero fill, no decimal)
87-88	2	Numeric		Century - Year Conferred: '19' or '20'
89-90	2	Numeric		Century - Birth Year: '19' or '20'
91	1	Alpha		Multi-Institutional Program
92-110	19	Blank		Blank

DEGREES AND FORMAL AWARDS CONFERRED

Definitions

1. **Certificate Program Less Than One Year** - An institutionally approved, formally organized undergraduate program which is less than 24 hours in length or a graduate program that is less than 18 hours in length is not subject to approval by CPE.
2. **Date of Conferral** - The date of graduate's receipt of degree, certificate, or diploma:
 1. *Summer* – Degrees, certificates, or diplomas awarded at close of summer semester;
 2. *Fall* – Degrees, certificates, or diplomas awarded at close of fall semester; or
 3. *Spring* – Degrees, certificates, or diplomas awarded at close of spring semester.
3. **Diploma** - A program of study designed to prepare students for technical employment within a one- to two-year period (36-68 credit hours). The total number of credit hours for the diploma must not exceed those required for a degree in the same program of study. A prescribed program of technical and general education courses is designed to prepare students for a specific job title.
4. **First-Professional Degrees** - Degrees in dentistry (D.D.S. or D.M.D.), medicine (M.D.), law (LL.B. or J.D.), or pharmacy (Pharm.D.).
5. **Kentucky County, State, Territory, or Foreign Country of Origin** - County, state, territory, or country of legal residence at time of first admission to the institution.
6. **Multiple Degree Program Code** - A code that is used to identify multiple degree programs at the same level; for example, a BA and BFA in art.
7. **Residency Status** - Current status used for tuition and fee payment purposes.

Professional School Applicants

Fall 2005

<p style="text-align: center;">DUE DATE: November 15</p>
--

**FIRST-PROFESSIONAL PROGRAM APPLICANTS
FALL**

General Instructions

The fall report of applicants to first-professional programs should include all Kentucky residents applying for dental, medical, or law programs and all nonresident applicants who actually enroll in these programs.

Do not include those persons applying for nondegree student status.

First-Professional Program Applicants Record:

1. **Baccalaureate Degree Institution** - Report the FICE code of the institution from which the applicant earned first baccalaureate degree.
2. **Overall Undergraduate GPA** - Report the overall grade point average as calculated by your institution for admissions purposes. Report to two decimal places, using the four-point scale.
3. **Undergraduate Science GPA** - For medical and dental school applicants, report the undergraduate science GPA as calculated for admissions purposes. Report to two decimal places, using the four-point scale.
4. **DAT Scores** - For dental school applicants report the academic average and perceptual average of the new DAT as indicated on the record format. Single digit scores should be right justified with a zero reported in the left column. Report only new DAT scores. If the applicant presents only old DAT scores, leave the field blank.
5. **LSAT Scores** - For law school applicants, report the three digit score on the new LSAT in the indicated field. Report only new LSAT scores. If the applicant presents only the old LSAT scores, leave the field blank.
6. **MCAT Scores** - For medical school applicants, report the new numerical MCAT scores in columns 83-84, 85-86, and 89-90 and the alpha score in columns 87-88. Single digit scores should be right justified, with a zero reported in the left column. Report only new MCAT scores. If the applicant reports only old MCAT scores, leave blank.
7. **Total MCAT Score** - For medical school applicants, report in columns 95-96 the one or two digit score calculated by summing the three MCAT numerical sub-test scores. One digit scores should be right justified, with a zero reported in the left column.
8. **Degree Program** - Using the Classification of Instructional Program (CIP) codes, report the appropriate dental, medical or law program code.

**PROFESSIONAL SCHOOL APPLICANTS

Target Census Tracts

DUE DATE: November 1

**ADDRESS FILE FOR TARGET CENSUS TRACTS
FALL**

General Instructions

The address file used for target census tracts in Fayette and Jefferson counties should include the corresponding street address of first-time Kentucky resident African American students who, at the time of admission, reported a permanent address zip code from the following list:

Fayette County (40511, 40504, 40505, 40507, 40508);

Jefferson County (40202, 40203, 40208, 40209, 40210, 40211, 40212, 40214, 40215, 40216, 40218, 40219, 40258, 40272).

Please email file on or before November 1 to:

Mike.Bailey@ky.gov

Tuition Waiver for
Foster and
Adopted Children

DUE DATE: August 15

TUITION WAIVER FOR FOSTER AND ADOPTED CHILDREN

General Instructions

Institutions must identify enrolled students who received tuition waivers because they were adopted or foster children. The information from this survey will be used to determine the number of recipients enrolled and the number who received a degree. This information will be reported annually on November 30 to the Legislative Research Commission as mandated in KRS 164.2847.

Submit a file containing the institution code and the student social security number for each waiver recipient enrolled during any one of the three semesters of the previous fiscal year, beginning with the summer semester. Tuition waiver recipients who received a degree or formal award should be identified.

Report Due

PROGRAMS AND COURSES

Degree Program Inventory

DEGREE PROGRAM INVENTORY

Institutional degree program inventories are maintained by Council on Postsecondary Education staff and are updated as changes and additions are approved by an institution's governing board or by the Council on Postsecondary Education. Institutions are responsible for notifying Council staff of all adjustments to their program inventories that are approved at the institutional level.

Approved degree program inventories are listed in the Tables Section (Table 17).

DEFINITIONS

1. **Multi-Institution Programs** - A multi-institution program involves resource sharing among multiple institutions or organizations. Multi-institution programs are defined as cooperative, collaborative, joint, or other multi-institution arrangements. All participating institutions and organizations share responsibility for some aspects of the program's delivery and quality. The appropriate faculty and staff of each participating institution will agree on the home institution for enrollment, degree conferral, financial aid, program delivery, the allocation of equipment and facilities, provision of student services, assessment criteria, and the general management of the program. A copy of the program agreement will be submitted to the Council on Postsecondary Education by each institution's chief academic officer prior to recognition of the arrangement on the Council's *Registry of Degree Programs*.
2. **Cooperative Programs** - A cooperative program is a stand-alone program under the sponsorship of a single institution but which may contain elements of resource sharing agreed upon by one or more other institution(s) or organization(s) when offered on the campus of the non-degree granting institution. In a cooperative program of instruction, the sponsoring institution awards the degree or credential. The credential awarded may indicate the cooperative nature of the program. The program at the participating institution(s) is registered on the Council's *Registry of Degree Programs* in an "enrollment-only" reporting category.
3. **Collaborative Programs** - A collaborative program is under the sponsorship of more than one institution and contains elements of resource sharing agreed upon by multiple institutions or organizations. None of the participating institutions delivers the entire program alone. All participating institutions need not have the authority to award the degree or credential. Participating institutions and organizations share responsibility for the program's delivery and quality. The credential awarded may indicate the collaborative nature of the program. The program at each participating institution is registered on the Council's *Registry of Degree Programs* as a collaborative enrollment-only or collaborative degree-granting program.
4. **Joint Programs** - A joint program is a program that is mutually sponsored by two or more institutions leading to a single credential or degree, which is conferred by both or all participating institutions. None of the participating institutions delivers the entire program alone. All participating institutions and organizations share responsibility for all aspects of the program's delivery and quality. The credential indicates the joint nature of the program. The program is registered on the Council's *Registry of Degree Programs* in an enrollment and degree-granting category for each institution participating in the joint program.
5. **Other Multi-Institutional Arrangements** - Multiple-institution program offerings - such as two-plus-two arrangements - not covered by the cooperative, collaborative, and joint program definitions will be identified as appropriate on the Council's *Registry of Degree Programs* based on institutional agreements.

Course Inventory

DUE DATES:
FALL: November 1 SPRING: March 30
SUMMER: August 15

COURSE INVENTORY
FALL/SPRING/SUMMER

General Instructions

The Council maintains an inventory of active courses which includes the course prefix, number, title, Classification of Instructional Program (CIP) code, remedial education indicator (when applicable), number of credit hours (minimum and maximum), and general education designation codes (when applicable) for each course. The primary purposes of the course inventory are to support the General Education Transfer Policy and the Transfer Frameworks.

The course inventory will be maintained through the submission of the Type C record at the same time as the Type 3 record for all courses offered in an academic term.

In addition to the Type C record, submit a copy of the course description for each new course and for each course for which a substantive content change was made. The relevant course descriptions may be submitted as a hard copy, an electronic copy, or if the new or revised description is available on the Internet, submit the course description's Internet address.

A Type C record for each course will be comprised of the following fields from the Type 3 record: Institution ID (FICE Code), Department Abbreviation (Prefix), and Course Number.

In addition, submit the Course Title; a 2-digit CIP code; a Remedial Course Category, if appropriate; General Education Codes 1 and 2, if appropriate; and for courses that were previously offered with a different prefix or number identification, the Previous Department Abbreviation (Prefix), and Previous Course Number.

The "previous course" will be deactivated (given a suspended indicator) when reported as replaced by the new identification. Courses not offered for a period of three (3) calendar years will be deactivated (given a course suspended indicator) on the course inventory. The Council will initiate the three-year review process of institutional course inventories as necessary.

Type C Record:

1. Create one record for each course offered during an academic term.
2. **Institutional Number** – Enter the institutional FICE code.
3. **Department Abbreviation** – From the Type 3 record, copy the department prefix currently used for each course offered.
4. **Course Number** – From the Type 3 record, copy the course number currently used for each course offered.
5. **Course Title** – Enter the course title currently used for each course offered. Use all capital letters.
6. **CIP Code** – Enter the 2-digit CIP code as it should appear on the course inventory file.

7. **CIP 32 Course Categories** – To be used only for courses coded CIP 32; leave blank if not a CIP 32 course. For each course coded CIP 32, assign a code from Table 26, using the following category descriptions:
1. *Remedial English:* Course to prepare students for college-level study in English. Usually does not apply toward graduation requirements.
 2. *Remedial Math:* Course to prepare students for college-level study in mathematics. Usually does not apply toward graduation requirements.
 3. *Remedial Science:* Course to prepare students for college-level study in science. Usually does not apply toward graduation requirements.
 4. *Remedial Reading:* Course to prepare students for college-level study. Usually does not apply toward graduation requirements.
 5. *Non-remedial Reading/Learning/Study Skills:* Course to improve college-level reading, learning, or study skills. May apply toward graduation requirements.
 6. *English for Foreign Students:* Fundamentals of written and/or spoken English for foreign students.
 7. *Orientation:* General orientation to the institution, college, school, or department.
 8. *Professional/Career:* General course on career counseling or career choice.
 9. *Nonremedial, Other:* Nonremedial basic skills courses not covered by categories 5, 6, 7, or 8.
 10. *Remedial Learning Skills/Other:* Remedial courses not included in categories 1, 2, 3, or 4.
8. **General Education Courses** – For each lower and upper division course that can be used to meet the institution’s general education requirements as defined for the General Education Transfer Policy, enter in columns 52-53 the appropriate code from Table 35 (Gen. Ed. 1). For a course meeting the general education requirement in two disciplines, report the additional code in columns 54-55 (Gen. Ed. 2). Leave blank if not a general education course.
9. **Student Teaching Course** – Course must be coded in CIP 13 and be used to fulfill the student teaching requirement for initial certification at either the undergraduate or graduate level. For courses coded CIP 13, enter “Y” in column 51 if course is student teaching, otherwise enter “N.” If course is not coded CIP 13, leave blank.
10. **Previous Department Abbreviation** – If the course was previously offered with a different departmental abbreviation, enter the previous departmental abbreviation (Prefix). Leave blank if no change was made.
11. **Previous Course Number** – If the course was previously offered with a different course number, enter the previous course number. Leave blank if no change was made.

FORMAT FOR TYPE C COURSE INVENTORY RECORD

FACILITIES

Building And Room Updates

DUE DATE: November 15
--

BUILDING AND ROOM RECORD
FALL

General Instructions

The building and room record files should reflect the status of the inventory as of the current fall semester. The complete building and room files are to be submitted once a year and should include any additions, deletions, or other changes since the previous submission.

An institution's building and room files of the Comprehensive Data Base should contain complete information for all buildings that house university activities, including leased facilities and space made available at little or no charge. Institutions should use the definitions included in Table 18 to identify the appropriate reporting categories. Report all space used for any purpose, including leased space and space made available at no cost.

Building Record:

All numeric fields must be right justified and zero filled. (Do not include any characters other than 0-9 for these fields.) All other fields must be left justified.

Room Record:

All numeric fields must be right justified and zero filled. (Do not include any characters other than 0-9 for these fields.) All other fields must be left justified.

FORMAT OF BUILDING RECORD

<u>Column</u>	<u>Length</u>	<u>Type</u>	<u>Table</u>	<u>Field Description</u>

90-97	8	Numeric		Reconstruction Cost (Right justify, zero fill)
98-103	6	Numeric		Date of Inventory (MM/YYYY)
104-109	6	Numeric		Date Record Updated (MM/YYYY)
110	1	Numeric	30	Building Condition (NCHEMS)

FORMAT OF ROOM RECORD

<u>Column</u>	<u>Length</u>	<u>Type</u>	<u>Table</u>	<u>Field Description</u>
1-6	6	Numeric	9	Institution Number (FICE Code)
7-8	2	Numeric	8	Campus Number
9-12	4	Alphanumeric		Building Number (Right justify, zero fill)
13-18	6	Alphanumeric		Room Number and Suffix (Right justify, zero fill Room Number; if no suffix blank fill)
19-20	2	Numeric	38	Space Assignment Category
21-25	5	Numeric		Room Square Feet (Right justify, zero fill)
26-28	3	Alphanumeric	20	Room Use
29	1	Alphanumeric		Student Station Type (F/M)
30-34	5	Numeric		Actual Number of Stations for Rooms with Fixed Stations only (Right justify, zero fill)
35-40	6	Numeric		Date of Inventory (MM/YYYY)
41-46	6	Numeric		Date Record Updated (MM/YYYY)
47	1	Alphanumeric		O&M Funding Source (F/N)

BUILDING AND ROOM RECORD

Definitions

1. **Acquisition Year** - The four-digit year that the building came into the possession of the institution, regardless of where the title is vested or when the building was constructed.
2. **Actual Number of Student Stations** - A count of the number of desks or chairs for students in a room used for instruction. (Report only for Room Use Codes 110, 210, and 220; all others zero fill.)
3. **Maintenance and Renovation Code** - The physical status and quality of the building at the time of the inventory. CPE staff will impute this.
4. **Building Name** - The name identification by which the building is generally known.
5. **Building Number** - The unique four-digit code that has been assigned to the building.
6. **Campus Number** - This number is 00 when an institution has only one campus. The campus number is used with the institution number to form the institution identification. Refer to Table 8 for campus number.
7. **Construction Year** - The four-digit calendar year that the original building was completed regardless of any later date of acquisition.
8. **Date of Inventory** - Month and four-digit year that the inventory is taken.
9. **Date Record Updated** - Month and four-digit year record updated.
10. **Gross Square Feet** - The sum of the floor areas ... floor surfaces. Basis for measurement: Gross area should be computed by measuring from the outside face of exterior walls, disregarding cornices, pilasters, buttresses, etc., which extend beyond the wall face. Refer to NCHEMS Technical Report 36, Appendix 6.5, item 1 NCES Facilities Inventory and Classification Manual, NCES 92-165, for a complete description.
11. **Institution Number** - The six-digit code number assigned to the institution by the Federal Interagency Committee on Education (FICE). Refer to Table 9 for FICE Codes.
12. **Land Holdings** - The number of acres of property either owned or leased by a university or an affiliated corporation. Refer to Table 21 for land holdings ownership codes.
13. **Net Assignable Square Feet** - The sum of all areas on all floors of a building assigned to or available for assignment to an occupant, including every type of space functionally usable by an occupant. Custodial, circulation, mechanical, and structural areas are excluded. Refer to NCES Facilities Inventory and Classification Manual, NCES 92-165, for a complete description.
14. **Original Cost** - The number of dollars of "actual capital investment" expended by the institution to acquire the building. Original cost does not include subsequent renovation and reconstruction costs.
15. **Building Ownership** - This code indicates the agency with which the title to the building rests. Refer to Table 18 for complete descriptions of ownership codes.

16. **Reconstruction Cost** - The total dollar amount that has been spent by the institution to reconstruct the building during the reconstruction year. This cost applies when the building has sustained serious damage through some occurrence, such as fire, flood, or earthquake, and has been rebuilt and restored to its predamage usefulness.
17. **Reconstruction Year** - The year that reconstruction work was last done on the building.
18. **Renovation Cost** - The total dollar amount that has been spent by the institution to totally refurbish the building during the renovation year. This amount does not include normal maintenance or minor improvements to the building.
19. **Renovation Year** - The year that the total refurbishing was last made to the building.
20. **Room Number and Suffix** - The number that has been assigned to the room within the building being surveyed. (Five-digit number with one-digit suffix.)
21. **Room Square Footage** - The sum of the floor area included within the inside faces of the interior walls which form the boundaries of each room. Deductions should not be made for necessary building columns and minor projections.
22. **Student Station Type** - Report "F" if fixed station, "M" if movable station. (Report only room use codes 110, 210, and 220.)
23. **Use of Room (Room Use)** - The room use codes are listed in Table 20. Refer to NCES 92-165, "Room Data Definitions and Codes/Standard Room Use Categories," for a complete description.
24. **O&M Funding Component** - The code designating rooms in non-educational and general buildings (e.g., hospitals and dormitories) used for educational and general programs which are to be included in the Operations and Maintenance of Physical Plant component of the Operating Budget Guidelines. (Report "F" if to be included in E&G space, "N" if not to be included.)
25. **Estimated Building Replacement Cost** - The estimated dollar expenditure to replace the building at the time of the inventory. Basis for determination: Cost to replace the building's assignable floor area at current costs in accordance with current building codes, standard construction methods, and currently accepted practices. The replacement cost of fixed equipment in the building should be included.
26. **Building Condition Code (NCHEMS)** - The physical status and quality of the building at the time of the inventory, based on the best judgment of those responsible for campus development. Refer to Table 30 for complete descriptions of the NCHEMS Condition Codes.
27. **Space Assignment Categories** – See Table 38 for definitions of the space assignment categories. This reporting of space is intended to present a functional classification pattern of space use based on program areas.

Land Holding Updates

<p>DUE DATE: November 15</p>
--

LAND HOLDINGS RECORD
FALL

General Instructions

The land holdings record should reflect the status of the inventory as of the current fall semester. The complete land holdings record file is to be submitted once a year and should include any additions, deletions, or other changes since the previous submission.

In circumstances where land is owned by an affiliated corporation and leased to the university, the acres are to be reported as owned only.

FORMAT OF LAND HOLDINGS RECORD

<u>Column</u>	<u>Length</u>	<u>Type</u>	<u>Table</u>	<u>Field Description</u>
1-6	6	Numeric	9	Institution Number (FICE Code)
7-8	2	Numeric	8	Campus Number
9-28	20	Alphanumeric		Name of Property
29-35	7	Numeric		Number of Acres (Two Decimal Places, Right Justify, Zero Fill)
36-55	20	Alpha		City Property Located In

Facilities Utilization

DUE DATE: December 15
--

**FACILITIES UTILIZATION
FALL**

General Instructions

Report facilities utilization for fall semester only.

Utilization data should be coded only for each class appearing on the fall enrollment file that takes place in a 110 or 210 room use code. Columns 50-78 would be blank for any class with no scheduled room ("by arrangement" or "to be arranged"), as well as classes that meet in rooms not classified as use codes 110 or 210.

Utilization is also to be reported for zero credit hour laboratories meeting the above criteria but which are excluded from the enrollment file because they carry the same course identification as an associated lecture.

1. **Course Location (Campus, Building Number, and Room Number)** - Codes used in these fields must reconcile with the physical facilities inventory maintained by the Council. It may be necessary to update this inventory before completing this report. The course location fields should be coded only for those classes which meet in instructional classrooms or instructional laboratories (room use codes 110 or 210).
2. **Course Schedule (Days Met)** - For each class that meets on the same day(s) every week, code the appropriate column to indicate day(s) met. If a class meets each week on Monday, Wednesday, and Friday, columns 62 through 68 would be coded "bMbWbFb." (b = blank)

For each class that requires a "two-week cycle," e.g., MWF at 9:00 a.m. one week, and MW at 9:00 a.m. the next week, code the appropriate columns to indicate days met. In coding these types of records, a "1" shows that a class meets on that day only during the first week; a "2" signifies the second week only; and a "3" is used to show classes which meet on the same day both weeks. For example, the class mentioned above is to be coded "b3b3b1b" in columns 62-68. The course schedule field should be coded only for those classes which meet in instructional classrooms or instructional laboratories (room use codes 110 or 210).

Two or more utilization records will be necessary for classes which meet in different rooms that are coded 110 or 210 and/or at different times. No additional utilization records are needed for classes that are not held in rooms with 110 or 210 codes. If more than one utilization record is required for a class, the first record should include all required information in columns 1-76 and "01" in columns 77-78. Each additional utilization record should have only columns 1 through 21, 37 through 40, and 50 through 78 coded with the appropriate sequence number in columns 77-78. For example, columns 77-78 will be coded "02" for the second utilization record; "03" for the third, etc. Columns 22 through 36 and 79 through 100 should be blank on the continuation records.

If classes are reported as extending beyond one semester: (a) for the first semester, report all requested information, indicating full-semester duration; (b) for the second semester, again

report all requested information, reporting "000" in the number of students field (columns 37-39) and "***" in the continuation field (columns 77-78).

3. **Host Institution** - The institution whose classroom or laboratory facilities are used for instruction by another institution. As a separate utilization submission, using the utilization record layout, report the utilization for each class taught on the campus by another (i.e., the instructing) institution. Do not report enrollment on the Type One, Two, and Three Records.

For each class taught on the campus by another institution report, in Columns 79 to 86 on Utilization Record (Type U), the FICE Code for the instructing institution offering the class.

4. **Instructing Institution** - The institution offering instruction on the campus of another institution. Report enrollment on the Type One, Two, and Three Records for each student enrolled in a class taught by your institution on another campus. Do not report utilization for these classes.
5. **Room Number** - Column 61 is used for room letter designation as in 101A. If there is no letter designation, leave column 61 blank. When there is no letter, right justify the room number using column 60 for the right most number.

FORMAT OF UTILIZATION RECORD

<u>Column</u>	<u>Length</u>	<u>Type</u>	<u>Table</u>	<u>Field Description</u>
1	1	Alphanumeric	1	Form number, always "U"
2-9	8	Numeric		Institution Number (FICE Code)
10-13	4	Alphanumeric		Course ID - Department Abbreviation (left justify)
14-17	4	Alphanumeric		Course ID - Course Number (left justify)
18-21	4	Alphanumeric		Course ID - Section Number (right justify)
22-36	15			Blank
37-39	3	Numeric		Number of Students in Class (right justify, zero fill)
40	1	Alpha	11	Class Duration Code
41-49	9			Blank
50-51	2	Numeric	8	Campus Number
52-55	4	Alphanumeric		Building Number
56-61	6	Alphanumeric		Room Number
62-68	7	Alphanumeric		Days Met: U, M, T, W, R, F, S: if one week cycle 1, 2, 3: if two week cycle
69-72	4	Numeric		Begin Time - Military Time
73-76	4	Numeric		End Time - Military Time
77-78	2	Alphanumeric		Continuation - Blank if one card only. Card number (01, 02, 03, ...) if more than one card
79-86	8	Numeric		Instructing Institution FICE Code
87 - 100	14			Blank

FACULTY
AND
STAFF
INFORMATION

DUE DATES:

CUPA Administrative Salaries: November 1
IPEDS Faculty Salaries and Fall Staff with Supplement Survey:
Dec 1 – Jan 26
Presidential Compensation Form: September 1
CUPA, Okla. State Faculty Salaries: December 15

FACULTY AND STAFF INFORMATION

General Instructions:

The fall institutional reports of faculty and staff (including faculty salaries and administrative compensation) consist of the following completed survey forms:

1. College and University Personnel Association's (CUPA) "National Faculty Salary Survey By Discipline," or Oklahoma State University's "Faculty Salary Survey By Discipline" (collected from members of the National Association of State Universities and Land-Grant Colleges – NASULGC).
2. CUPA's "Administrative Compensation Survey."
3. IPEDS' "Salaries, Tenure and Fringe Benefits of Full-Time Instructional Faculty."
4. IPEDS' "Fall Staff Survey."
5. Supplement of Nonresident Alien Faculty/Staff Survey.
6. Presidential Compensation Form.

PRESIDENTIAL COMPENSATION PACKAGE

General Instructions

Each institution is to report its board-approved presidential salary and benefits information for the fiscal year indicated.

Report:

- Annual Salary.
- Fringe benefits such as health, life, and disability insurance, and retirement.
- Housing – indicate if housing is provided or a housing allowance is included in the compensation package.
- Automobile – indicate if an automobile is provided or allowance for an automobile is included in the compensation package.
- Travel and Entertainment – report the policy for payment or reimbursement for travel and entertainment expenses.
- Other – report any other benefits provided in the compensation package such as housekeeping services, club memberships, sabbaticals, etc.
- Term of contract – report the beginning and ending date of the current contract.

PRESIDENTIAL COMPENSATION PACKAGES - 2005-06
Due Date: September 1, 2005

Institution/President	Salary	Fringe Benefits	Housing	Automobile	Travel and Entertainment	Other	Term of Contract
Eastern Kentucky University Joanne K. Glasser							
Kentucky State University Mary Evans Sias							
Morehead State University Ronald G. Eaglin							
Murray State University F. King Alexander							
Northern Kentucky University James C Votruba							
University of Kentucky Lee T. Todd							
University of Louisville James R. Ramsey							
Western Kentucky University Gary A. Ransdell							
KCTCS Michael McCall							

FINANCE

FINANCE

General Instructions

Data are to be presented in conformity with generally accepted accounting principles.

Data are to be submitted in electronic format, preferably as an email attachment. **ROUND ALL AMOUNTS TO THE NEAREST HUNDRED DOLLARS.**

Do NOT add or change categories (e.g., revenues, expenditures) on a form without prior approval by council staff.

Forms are to include all affiliated corporations. (See instructions for individual forms.) Table 25 provides a list of all currently recognized affiliated corporations. This list will be updated on an annual basis by council staff.

The reporting period is the twelve-month year for which financial activities are accumulated. The reporting period for public postsecondary education institutions in Kentucky is a fiscal year beginning on July 1 and ending on June 30.

Finance Forms

FD-1A (Actual) and FD-1B (Budgeted) Consolidated Current Funds Revenue - Institutions are to submit consolidated data on the council form. "Consolidated data" refers to data for the institution and all affiliated corporations.

One form per institution is to be completed. Round all amounts to the nearest hundred dollars.

For an institution which does not prepare an annual restricted budget, a statement that "restricted revenue is budgeted as received" will be accepted. Council reports will use prior year actual restricted receipts as an estimate of budgeted restricted funds. Reports will be footnoted accordingly for these institutions.

FD-2A (Actual) and FD-2B (Budgeted) Consolidated Current Funds Expenditures and Transfers by Functional and Natural Object - Institutions are to submit consolidated data on the council form. "Consolidated data" refers to data for the institution and all affiliated corporations.

One form per institution is to be completed.

Round all amounts to the nearest hundred dollars.

For an institution which does not prepare an annual restricted budget, a statement that "restricted revenue is budgeted as received" will be accepted. Council reports will use prior year actual restricted receipts as an estimate of budgeted restricted funds. Reports will be footnoted accordingly for these institutions.

FD-2AS (Actual) and FD-2BS (Budgeted) Current Funds Expenditures – Operation and Maintenance of Plant – Report operation and maintenance of plant and nonrecurring capital projects for E&G facilities only. Minor maintenance and repair are items that are generally low in cost and are normally part of the institution’s annual operation and maintenance funding. The amount reported for total operation and maintenance of plant should equal amounts reported for operation and maintenance of plant on FD-2A and FD-2B.

FD-7 Investment in Plant - Institutions are to complete the council form; one form per institution is to be submitted. The University of Kentucky should complete one form for the main campus and one for Lexington Community College.

Report the values of land, buildings, equipment, and library books owned by the institution. Do not include those plant values which are a part of endowment or other capital fund investments in real estate.

Round all amounts to the nearest hundred dollars.

FD-9 Equal Educational Opportunity Funds - Institutions are to complete the council form. Report actual and budgeted State General Fund revenue and expenditure data. Amounts reported should be State General Fund ONLY. One form per institution is to be submitted.

Round all amounts to the nearest hundred dollars.

FD-10 Worksheet for Interstate Comparison Reporting, State Appropriations - Council staff will transmit to each institution, no later than 30 days prior to the due date, a partially completed FD-10 form based on data available from *The Budget of the Commonwealth*. The institution is to review the form and make changes or provide additional data, as needed. These data will be used by council staff for interstate comparison reporting (e.g., SREB State Data Exchange).

Additional research and public service programs, each with a minimum budgeted direct State General Fund support of \$100,000, may be submitted by an institution for council staff consideration. Each new separately identified program should be submitted with a narrative explaining why the program warrants being reported separately.

For each identified program, report direct and indirect state support (definitions for direct and indirect support are included in the general definitions).

One form per institution is to be submitted.

Round all amounts to the nearest hundred dollars.

FD-11 Intercollegiate Athletics - Institutions are to complete the council form; one form per institution is to be submitted. Report all revenue and expenditures for all intercollegiate programs in categories identified on the form.

Revenue reported for men’s and women’s athletics should include revenue from ticket sales, conference revenues, vending receipts, and other sources.

Revenue reported for the restricted student activity fee category should only reflect revenue from a separate student fee that is dedicated to athletics. If revenue is reported in this category, a separate athletic fee should be reported on FD-13, Mandatory Student Fees. Do not include revenue from a general student activity where a portion of the fee is budgeted for athletics.

Expenditures for Athletic Administration should include all coaches and staff salaries and benefits assigned to athletics and paid by the institution or an affiliated corporation. If a coach or assistant coach teaches a class, the appropriated percentage of the salary and benefits can be assigned to the academic unit. Include expenditures for academic counseling services provided athletes funded with athletic revenues or athletic foundation funds.

FD-12 Current Funds, Analysis of Unrestricted Fund Balances - Institutions are to complete the council form; one form per institution is to be submitted.

"Beginning Fund Balance" amounts are to match "Ending Fund Balance" amounts from the previous year's Form FD-12 submission.

"Working Capital" includes only the noncash assets of inventories, accounts receivable, and the reserved cash for change funds. "Other Allocations" identifies funds that have been designated to be expended in the next fiscal year. "Allocated Fund Balance for Reserves" identifies funds designated for self-insurance reserves and other similar funds (please list other reserves). "Unallocated Fund Balance" includes funds all remaining with no specific designated use.

Round all amounts to the nearest hundred dollars.

FD-13 Mandatory Student Fees - Institutions are to complete the council form; one form per institution is to be submitted. Report mandatory student fees in categories identified on the form (definition of mandatory student fees is included in the Definitions - General).

FD-16A (Actual) and FD-16B (Budgeted) Research Challenge Programs and Programs of Distinction – Institutions are to complete one form for each program or activity receiving trust fund money for each year of the biennium.

Do not report Endowment Match Program (Bucks for Brains) funds on this report. Report all relevant revenue and expenditures, e.g., unrestricted and restricted funds.

Total revenues must be equal to or greater than twice the state funds allocated to the program(s). If funds have been endowed during the fiscal year, the transaction should be reported as a non-mandatory transfer.

FD-17 Consolidated Statement of Changes in Fund Balance Endowment and Similar Funds – Institutions are to submit consolidated data on the council form. "Consolidated data" refers to data for the institution and all affiliated corporations or foundations.

One form per institution is to be completed. Round all amounts to the nearest hundred dollars.

Report revenue, expenses, and balance information on all endowments including those that contain state matching funds through the Endowment Match Program.

FD-18 Endowment and Similar Funds – Institutions are to submit consolidated data on the council form. "Consolidated data" refers to data for the institution and all affiliated corporations or foundations.

One form per institution is to be completed. Round all amounts to the nearest hundred dollars.

Report assets, liabilities, and fund balances on all endowments including those that contain state matching funds through the Endowment Match Program.

FD-19 Consolidated Revenues and Expenses (GASB Format) – Institutions are to submit consolidated data on the council form. Consolidated data refers to unrestricted and restricted data for the institution and all affiliated corporations or foundations. The definitions for the reporting categories are the same as those used for FD-1 And FD-2 forms.

One form per institution is to be completed.

ROUND ALL NUMBERS TO THE NEAREST HUNDRED DOLLARS.

FD-20 State Mandated Tuition Waiver Programs - Institutions are to report the number of participants and expenditures for the actual fiscal year ending June 30 of the same year as the report is due and budgeted data for the fiscal year in which the current reporting year.

One form per institution is to be completed. The University of Kentucky should complete a second form for Lexington Community College. The Kentucky Community and Technical College System should report aggregate system data.

ROUND ALL AMOUNTS TO THE NEAREST HUNDRED DOLLARS.

FD-21 Endowment Match Program Outcome Measures Report – Institutions are to submit consolidated data on the council form. “Consolidated data” refers to data for the institution and all affiliated corporations or foundations.

One form per institution is to be completed. Data should be provided for the most recent completed fiscal year and the prior fiscal year. Do not round numbers submitted on this form.

Where applicable, institutions should report the same figures on the FD-21 form that they report to national-level data collection organizations, such as the Council for Aid to Education (CAE Voluntary Support of Education Survey), the National Association of College and University Business Officers (NACUBO Endowment Study), the National Science Foundation (NSF Survey of Research and Development Expenditures at Universities and Colleges), and the Association of University Technology Managers (AUTM Licensing Survey).

FINANCE

Definitions - General

Accrual Accounting - Data are to be reported using the accrual basis of accounting. Revenues should be reported when earned and expenditures when materials or services are received. Included in expenditures are (1) all expenses incurred, in accordance with generally accepted accounting principles, (2) expenditures for the acquisition of capital assets, including library books, to the extent expended, and (3) expenditures for annual debt service requirements. Expenses incurred as of the balance sheet date should be accrued and expenses applicable to future periods should be deferred. Certain deferrals and accruals, such as investment income and interest on student loans, may be omitted if the omission does not have a material effect on the financial statements.

Affiliated Corporation - An affiliated corporation is a corporate entity which is not a public agency and which is organized pursuant to the provisions of KRS Chapter 273 over which an institution exercises effective control, by means of appointments to its board of directors, and which could not exist or effectively operate in the absence of substantial assistance from an institution. (See Table 25 for a list of affiliated corporations.)

Agency Funds – Funds held by the institution acting as custodian or fiscal agent.

Athletic Fee – A separately identified fee that has been created by board action or by a vote by the student body. Revenue generated from this fee should be reported as revenue on form FD-11, Intercollegiate Athletics.

Computer/Technology Fee – A fee charged all students where the revenue from the fee is dedicated to the use, purchase, and upgrade of student accessible computers and technology.

Current Funds - The current funds group includes those economic resources of a college or university which are expendable for the purpose of performing the primary missions of the institution - instruction, research, and public service - and which are not restricted by external sources or designated by the governing board for other than operating purposes. The term "current" means that the resources will be expended in the near term and that they will be used for operating purposes.

Direct Support - Support that is specifically designated for a program and usually includes salaries and wages, fringe benefits, and operating expenses.

Encumbrances - An encumbrance represents an obligation incurred in the form of an order, contract, or similar commitment on which liabilities will be recognized when goods are delivered or services rendered. It establishes a claim against a particular fund balance in anticipation of a future expenditure.

Endowment Funds and Similar Funds - Includes endowment funds, quasi-endowment funds and term endowment funds. Endowment funds are those for which donors or other external agencies have stipulated, under the terms of the gift instrument creating the fund, that the principal of the fund is not expendable - that is, it is to remain inviolate in perpetuity and is to be invested for the purpose of producing present and future income, which may be expended or added to the principal. Quasi-endowment funds (funds functioning as endowment) are funds that the governing board of the institution, rather than a donor or other external agency, has determined are to be retained and invested. Term endowment funds are like endowment funds, except that all or part of the principal may be utilized after a stated period of time or upon the occurrence of a certain event. State funds

from the Endowment Match Program (Bucks for Brains) must be reported on the institution's balance sheet even if held by an affiliated or non affiliated corporation/foundation.

Foundation - See Affiliated Corporation.

Indirect Support - Support that is not specifically identified for a program but is budgeted in support of the program; for example, the program share of operation & maintenance, libraries, student services, etc.

Interdepartmental Transactions - Interdepartmental transactions between service departments and storerooms and other institutional departments or offices should not be reported as revenues of the service departments but rather as reductions of expenditures of such departments, since those transactions are essentially interdepartmental transfers of costs. The billed price of services and materials obtained from service departments and central stores by offices and departments of the institution should be accounted for as expenditures of those offices and departments, just as if they had been obtained from sources outside the institution.

Intraintitutional Transactions - Certain intraintitutional transactions should be reflected in the financial statements of the institution as revenues and expenditures. For example, milk sold by the dairy department to the dining halls should be treated as sales and services revenues of the selling department and as expenditures of the receiving department. Sales and services of auxiliary enterprises to other departments - for example, catering by the food services department in the entertainment of institutional guests and sales by the college store to instructional departments - should be treated as sales and services revenues of the respective auxiliary enterprises and as expenditures of the unit receiving the services or materials.

Life Income - These funds are acquired by an institution under agreements whereby money or other property is made available to an institution on condition that it bind itself to pay periodically to the donors or other designated individuals the income earned by the assets donated, usually for the lifetimes of the income beneficiaries.

Loan Funds - Those resources available for loans to students, faculty, and staff. Loan funds are derived from different sources (e.g., federal, state, or local appropriations or private donors).

Mandatory Student Fees - Fees assessed each full-time student regardless of degree level or program. Mandatory student fees do NOT include fees assessed a student in a particular program (e.g., music, nursing, laboratories) or fees unique to a given situation (e.g., late registration, automobile registration), or fees for room and board. Mandatory fees do include fees for health services, building use fee, activity fee, computer use fee, athletic fee, and auxiliary fee, where the programs are not optional for full-time students.

Plant Funds - The plant funds group is used to account for unexpended plant funds to acquire long-lived assets for institutional purposes, funds for renewals and replacements, funds for retirement of indebtedness, and funds for investment in plant.

Restricted Current Funds - Those funds that are resources provided to an institution that have externally established limitations or stipulations placed on their use.

Transfer Versus Loans Among Funds - If the movement of funds between fund groups is considered permanent, this transaction should be treated as an outright transfer. If the movement of

funds between fund groups is temporary with repayment expected within a reasonable period of time, the transaction should be treated as interfund borrowing with an appropriate liability established.

Definitions - Revenue

Budgeted Fund Balance as Support - Includes funds brought forward from previous fiscal years and budgeted in the current period to fund current funds expenditures.

Endowment Income - Includes: 1) unrestricted income of endowment and similar funds, 2) restricted income of endowment and similar funds to the extent expended for current operating purposes, and 3) income from funds held in irrevocable trust by others.

Fund Balances - Fund balances consist of unrestricted and restricted balances brought forward from prior fiscal periods.

Governmental Appropriations - Federal, State, Local - Include those funds received from or made available to an institution through acts of a legislative body. Governmental appropriations should be categorized on the basis of the governmental level (federal, state, or local) of the legislative body providing the appropriation. They do not include governmental grants or contracts. These three sources of revenue include all unrestricted appropriations and all restricted appropriations to the extent expended for current operations.

The determination of whether a particular governmental appropriation should be classified as restricted or unrestricted funds should be based upon the ability of the institution to effect a change in the intended use of the funds during the reporting period. If a change can be made without having to go through the legislative process, the funds should be considered unrestricted.

Governmental Grants and Contracts - Federal, State, Local - Include revenues from governmental agencies which are received or made available for specific projects or programs. Examples are research projects, training programs, and similar activities for which amounts are received or expenditures are reimbursable under the terms of a governmental grant or contract.

Governmental grants and contracts should be categorized on the basis of the level (federal, state, or local) of the agency providing the funds to the institution.

Restricted funds are included in this revenue source for a given year only to the extent that they represent revenues supporting expenditures during that year. Unspent restricted funds should remain as restricted current fund balances to be carried forward to the next period and included in current fund revenue in the year in which they are actually spent. The revenues include only the revenues equal to direct expenditures incurred in conjunction with the grant or contract. Amounts equal to associated indirect cost reimbursements should be separately reported as unrestricted revenue.

Indirect Cost Reimbursement - Includes amounts recovered for the indirect support of federal, state, local, and private grants and contracts.

Investment Income - Includes current funds revenue, interest, and dividends not reported under endowment or any other non-expendable fund income.

Other Revenue - All sources of current funds revenue not included in other classifications. Examples are gains and losses on investments in current funds, miscellaneous rentals and sales, expired term endowments, and terminated annuity of life income agreements, if not material.

Private Gifts, Grants and Contracts - Includes amounts from individuals or nongovernmental organizations. The funds included in this revenue source are of two types: (1) private gifts and grants, and (2) private contracts. Private gifts and grants include those funds received from private donors for which no legal consideration is involved; i.e., no specific goods or services must be provided to the donor in return for the funds. Private contracts include those funds received for which specific goods and services must be provided to the funder as a stipulation for receipt of the funds. This category includes all unrestricted gifts, grants, and bequests as well as all restricted gifts, grants, and contracts to the extent that revenues received are expended in the year received.

Sales and Services of Auxiliary Enterprises - This category consists of all revenues including funds assigned to debt service generated by the auxiliary enterprise operations of an institution. An auxiliary enterprise is an entity which exists to furnish goods or services to students, faculty, or staff and charges a fee that is directly related, although not necessarily equal, to the cost of the service. The distinguishing characteristic of auxiliary enterprises is that they are managed as essentially self-supporting operations. The general public may incidentally be serviced by some auxiliary enterprises. Auxiliary enterprises include operations such as food service facilities, residential facilities, student health services, intercollegiate athletics (if operated essentially as a self-supporting activity), college stores.

Sales and Services of Educational Activities - Includes revenues derived from the sales of goods or services which are incidental to the conduct of instruction, research, or public service. It may include the income from programs which provide support to the instruction, research, and public service areas. This category does not include the revenues generated by hospitals operated by an institution. However, revenues derived from health clinics that are not part of a hospital or an auxiliary services student health services program should be reported in this category. Examples of sales and services of educational activities revenue include film rentals, scientific and literary publications, testing services, university presses, laboratory schools, teaching clinics, and dairy products.

Sales and Services of Hospitals - Includes the revenue (net of discounts, allowances, and provision for doubtful accounts) generated by a hospital operated by an institution. Revenue from daily patient services, revenue from special services, revenue from other services, and revenue of health clinics that are part of the hospital should be included in this category. Not included are revenues for research and other specific-purpose gifts, grants, and endowment income restricted to the hospital.

Tuition and Fees - Tuition and fees include all charges which must be paid by a student, for example, 1) applying for admission to the institution, 2) enrolling in the institution, 3) enrolling in specific courses, (e.g., lab fees) or 4) graduating from the institution or receiving a transcript. Tuition and fees should be recorded as revenue even though there is no intention of collection from the student. The amounts of such remissions or waivers should be recorded as expenditures and classified as scholarships and fellowships or as staff benefits associated with the appropriate expenditure category to which the personnel relate. Charges for room, board, and other services rendered by auxiliary enterprises are not included in this category.

Definitions - Expenditures and Transfers

Academic Support - Includes funds budgeted or expended primarily to provide support services for the institution's primary missions - instruction, research, and public service. This category includes the subprograms of museums and galleries, audio-visual services, academic computing support, ancillary support, academic administration, academic personnel development, and course and curriculum development.

Auxiliary Enterprises - Includes all budgeted and actual expenditures and transfers associated with the operation of auxiliary enterprises. An auxiliary enterprise is an entity that exists to furnish goods or services to students and that charges a fee directly related to, though not necessarily equal to, the cost of the goods or services. This category includes subcategories for auxiliary enterprises - student, auxiliary enterprises - faculty/staff, intercollegiate athletics (essentially self-supporting only), and mandatory transfers/auxiliary enterprises.

Capital Outlay - The exchange of values involved in acquiring land, buildings, equipment, or other permanent properties, or in their construction, development, or permanent improvement.

Debt Service - The amount of money required to pay the interest, principal, and required contributions to accumulate moneys for future retirement of lawfully incurred debt.

E&G Minor Maintenance and Repair Expense – The current funds expenditures for minor maintenance and repair of educational and general facilities - items that are low in cost to correct and are normally included as part of the annual operation and maintenance funding.

E&G Custodial Services and General Maintenance Expense – The current funds expenditures for custodial services and general building maintenance of educational and general facilities.

Other E&G O&M Maintenance Expense – The current funds expenditures for maintenance of educational and general facilities - net of general maintenance expense, custodial services and building maintenance expense, and utilities expense. Items in this category must be specified.

E&G Non-recurring Capital Projects – The expenditures for non-recurring capital projects less than \$400,000 that were not funded through regular budgeted maintenance sources. Funding for direct costs of facility deficiencies resulting from normal deterioration and usage -- individual projects of a magnitude in scope and cost whereby funding is normally established on an individual basis.

Grants, Loans, or Benefits - Expenditures for any grant, aid, loan or relief payment to individuals, or organizations, or jurisdictions not otherwise classified.

Hospitals - Includes all budgeted and actual expenditures and transfers associated with the patient-care operations of a university-operated hospital. Expenditures for those activities that take place within the hospital but are more appropriately classified as instruction or research are excluded. This category includes subcategories for direct patient care, health care supportive services, administration of hospitals, physical plant operations for hospitals, and mandatory transfers/hospitals.

Institutional Support - Includes funds budgeted or expended for those activities carried out to provide for both day-to-day functioning and the long-range viability of the institution as an operating institution. Subcategories include executive management, fiscal operations, general administration and logistical services, administrative computing support, and public relations/development.

Instruction - Includes all funds budgeted or expended for credit and noncredit courses for academic, vocational, and remedial purposes in regular, special, and extension sessions. Expenditures for departmental research and public service that are not separately budgeted are also included. This category includes subcategories for general academic instruction, occupational/technical instruction, summer and special session instruction, community education, and preparatory/adult basic education.

Libraries - Includes all funds budgeted or expended for all activities that directly support the collection, cataloging, storage, and distribution of published materials in support of an institution's academic programs. To be included in this activity, a library should be separately organized and serve more than one academic department or activity.

Mandatory Transfers - Includes transfers from the current funds group to other fund groups arising out of binding legal agreements related to the financing of educational plant and/or grant agreements that require matching funds. This category includes subcategories for provision for debt service on educational plant, loan fund matching grants, and other mandatory transfers.

Nonmandatory Transfers - This category includes those transfers between the current funds group and other fund groups made at the discretion of the governing board to serve a variety of objectives, such as additions to loan funds, additions to quasi-endowment funds, general or specific plant additions, voluntary renewals and replacements of plant, and prepayments on debt principal.

Operating Expenses - Expenditures directly attributable to the operation of the institution and not otherwise classified.

Operation and Maintenance of Plant - Includes all funds budgeted or expended for the operation and maintenance of the physical plant, net of amounts charged to auxiliary enterprises, hospitals, and/or independent operations. This category includes subcategories for physical plant administration, building maintenance, custodial service, utilities, landscape and grounds maintenance, and major repairs and renovations.

Personnel Costs - Includes all funds budgeted or expended for salaries, wages, benefits, (including, but not limited to, employer's share of FICA, retirement contributions, insurance, unemployment insurance, workers' compensation), and payments to persons awarded personal service contracts.

Public Service - Includes funds budgeted or expended for activities established primarily to provide noninstructional services beneficial to individuals outside the institution. This category includes subcategories for community service, cooperative extension service, and public broadcasting services.

Research - Includes funds budgeted or expended for activities specifically organized to produce research outcomes, whether commissioned by an agency external to the institution or separately budgeted by an organizational unit within the institution. Subject to these conditions, it includes funds budgeted or expended for individual and/or project research as well as those of institutes and research centers. Funds for departmental research that are separately budgeted specifically for research are included in this category.

Student Services - Includes funds budgeted or expended for those activities whose primary purpose is to contribute to the student's intellectual, cultural, and social development outside the context of the formal instruction program. This category includes subcategories for student services administration, social and cultural development, counseling and career guidance, financial aid administration, student admission, student records, student health services, and intercollegiate athletics. Intercollegiate Athletics is categorized as a student services "educational and general" expenditure unless it is

operating as a self-supporting activity and, therefore, reported as an auxiliary enterprise operation. Examples of intercollegiate athletics expenditures are salaries of coaches and trainers, officiating, travel, student financial aid, ticket sales, and advertising. Excluded from intercollegiate athletics are those activities that relate to intramural athletics.

Scholarships and Fellowships - Includes funds budgeted or expended for scholarships and fellowships in the form of outright grants to students selected by the institution and financed from current funds, restricted or unrestricted. Should also include trainee stipends, prizes, and awards, except trainee stipends awarded to individuals who are not enrolled in formal coursework, which should be charged to instruction, research or public service, as appropriate. When services are required in exchange for financial assistance, as in the College Work-Study program, the charges should be classified as expenditures of the department or unit to which the service is rendered. Aid to students in the form of tuition or fee remissions should be included in this category. However, remissions of tuition and fees granted because of faculty or staff status should be recorded as staff benefit expenditures in the appropriate expenditure category.

Utilities - Includes fuel, electricity, water, and sewage. The operation and maintenance of institutionwide production and distribution systems, such as central heating and cooling plants and electrical, water, and sewage distribution systems, should be considered as part of utility operations.

Definitions – Endowment Match Program

Voluntary Support Received – Includes all contributions actually received by an institution (or its foundation) during the fiscal year, in the form of cash, securities, company products, and other property from alumni, non-alumni individuals, corporations, foundations, religious organizations, and other groups. The face value of deferred gifts received during the fiscal year should also be included. Not included in the total are public funds, earnings on investments held by the institution, and unfulfilled pledges.

Endowment Assets – The total of all long-term financial assets, including those held for university benefit by others. In assessing the level of assets, we are interested in the total of all financial assets (and other assets that are likely to be converted into financial assets, such as real estate held in the endowment) that are intended for long-term support. For most independent institutions, these long-term financial assets reside entirely in their endowment fund. (We exclude current fund and plant fund financial assets, as well as, any pension funds. Data on annuity and life income funds are collected separately.) Publicly supported, and some independent institutions may have endowment assets held for their benefit by others, often in foundations. These assets and the support they generate should be included.

Federally Financed R&D Expenditures – The amount of current fund separately budgeted R&D expenditures in the sciences and engineering commissioned by the Federal Government.

Current funds are expenditures of funds available for current operations. Such expenditures include all unrestricted gifts and restricted current funds to the extent that such funds were expended for current operating purposes.

Separately budgeted research and development (R&D) expenditures include all funds expended for activities specifically organized to produce research outcomes and commissioned by an agency either external to the institution or separately budgeted by a unit of the organization. Included are expenditures for research equipment purchased under research project awards from current fund

accounts. Also included are research funds for which an outside organization, educational or other, is a subrecipient. Excluded are training grants, public service grants, demonstration grants, and departmental research expenditures that are not separately budgeted. Also excluded are any R&D expenditures in the fields of education, law, humanities, music, the arts, physical education, library science, as well as other non-science fields.

Extramural R&D Expenditures – The amount of current fund separately budgeted R&D expenditures in the sciences and engineering commissioned by an agency external to the institution. External agencies include the Federal Government, state and local governments, industry, and all sources other than the institution.

Invention Disclosures Received – Includes the number of invention disclosures, no matter how comprehensive, that are made in the year requested and are counted by the institution.

U.S. Patent Applications Filed – Includes any filing made in the U.S. during the survey year, including provisional applications, provisional applications that are converted to regular applications, new filings, CIPs, continuations, divisionals, reissues, and plant patents. Applications for certificates of plant variety protection should also be included. U.S. patents filed should also include PCT applications where the PCT application is the first filing where the U.S. is designated. A PCT application that follows a previous U.S. application would not be included.

New U.S. Patent Applications Filed – The number of new U.S. patent applications filed is a subset of total U.S. patent applications filed. It does not include continuations, divisionals, or reissues, and typically does not include CIPs. A provisional application filed during the fiscal year may be counted as new. If a provisional application is converted to a regular application during the fiscal year, then that corresponding regular application should not be counted as new. A PCT application counted in total U.S. patent applications filed where the PCT application is a first filing and where the U.S. is designated may be counted as new.

U.S. Patents Issued – Includes the number of U.S. patents issued or reissued to your institution in the year requested. Certificates of plant variety protection issued by the U.S.D.A. should be included.

Licenses/Options Executed – The number of license or option agreements that were executed in the year indicated for all technologies. Each agreement, exclusive or non-exclusive, should be counted separately. Licenses to software or biological material end-users of \$1,000 or more may be counted per license, or as 1 license, or 1/each for each major software or biological materials product (at manager's discretion) if the total number of end-user licenses would unreasonably skew the institution's data. Licenses for technology protected under U.S. plant patents (US PP) or plant variety protection certificates (US PVPC) may be counted in a similar manner to software or biological material products as described above at manager's discretion. Material transfer agreements are not to be counted as licenses/options.

A license agreement formalizes the transfer of technology between two parties, where the owner of the technology (licensor) permits the other party (licensee) to share the rights to use the technology. An option agreement grants the potential licensee a time period during which they may evaluate the technology and negotiate the terms of a license agreement. An option agreement is not constituted by an option clause in a research agreement that grants rights to future inventions, until an actual invention has occurred that is subject to that option.

Active Licenses/Options Executed – The cumulative number of licenses/options over all years that had not terminated by the end of the fiscal year.

License Income Received – Includes license issue fees, payments under options, annual minimums, running royalties, termination payments, the amount of equity received when cashed-in, and software and biological material end-user license fees equal to \$1,000 or more, but not research funding, patent expense reimbursement, a valuation of equity not cashed-in, software and biological material end-user fees less than \$1,000, or trademark licensing royalties from university insignia. License income also does not include income received in the support of the cost to make and transfer materials under material transfer agreements.

Start-Up Companies – Companies that were dependent upon licensing the institution's technology for initiation. If a technology was licensed to an existing company, that company should not be considered a start-up company.

<u>Code</u>	<u>Ethnic Category</u>
1	Nonresident Alien
2	Black, Non-Hispanic
3	American Indian or Alaskan Native
4	Asian or Pacific Islander
5	Hispanic
6	White, Non-Hispanic
7	Unknown

Definitions:

Nonresident Alien - A person who has not been admitted to the United States for permanent residence.

Black, Non-Hispanic - A person having origins in any of the black racial groups of Africa.

American Indian or Alaskan Native - A person having origins in any of the original peoples of North America and maintaining cultural identification through tribal affiliation or community recognition.

Asian or Pacific Islander - A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, Samoa, India, and Vietnam.

Hispanic - A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

White, Non-Hispanic - A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

Race/Ethnicity Unknown - This category is used ONLY if the student did not select a racial/ethnic designation, AND the postsecondary institution finds it impossible to place the student in one of the aforementioned racial/ethnic categories during established enrollment procedures or in any post-enrollment identification or verification process.

TABLE 18
BUILDING OWNERSHIP CODES

<u>Code</u>	<u>Description</u>
1	Owned in fee simple
2	Title vested in the institution and being paid for on an amortization schedule (regardless of whether the building is shared with another institution or organization).
3	Title vested in a holding company or building corporation to which payments are being made by the institution; title will ultimately pass to the institution. (Includes lease-purchase arrangements.)
4	Not owned by the institution, but leased or rented to the institution at a typical local rate.
5	Not owned by the institution, but made available to the institution either at no cost or at a nominal rate.
6	Not owned by the institution, but shared with an educational organization that is not a postsecondary institution.
7	Not owned by the institution, but shared with another postsecondary educational institution.
8	Other (e.g., not owned by the institution, but shared with a noneducational institution).
9	Title vested in an affiliated corporation, but made available to the institution either at no cost, a typical local rate, or at a nominal rate.

Note: Leases are to be reported under Codes 4-9.

TABLE 30

BUILDING CONDITION CODES (NCHEMS)

<u>Code</u>	<u>Description</u>
1	<u>Satisfactory</u> : Suitable for continued use with normal maintenance. Any single item of major maintenance or capital renewal is not greater than \$40,000. (Catastrophic failures excepted.)
2	<u>Remodeling - A</u> : Requires restoration and/or replacement of some building system components in order to meet acceptable standards without major room use changes, alterations, or modernizations. The approximate cost of "Remodeling A" is not greater than 25 percent of the estimated replacement cost of the building.
3	<u>Remodeling - B</u> : Requires major updating and/or modernization of the building. The approximate cost of "Remodeling B" is greater than 25 percent, but not greater than 50 percent of the estimated replacement cost of the building.
4	<u>Remodeling - C</u> : Requires major remodeling and total replacement of the major building system components. The approximate cost of "Remodeling C" is greater than 50% of the replacement cost of the building.
5	<u>Demolition</u> : Should be demolished or abandoned because the building is unsafe or structurally unsound, irrespective of the need for the space or the availability of funds for replacement. This category takes precedence over categories 1, 2, 3, and 4. If a building is scheduled for demolition, its condition is recorded as "demolition," regardless of its condition.
6	<u>Termination</u> : Planned termination or relinquishment of occupancy of the building for reasons other than unsafeness or structural unsoundness, such as abandonment of temporary units or vacation of leased space. This category takes precedence over categories 1, 2, 3, and 4. If a building is scheduled for termination, its condition is recorded as "termination," regardless of its condition.

TABLE 38
Space Assignment Categories
Reported in the Room File

This reporting of space is intended to present a functional classification pattern of space use.

- 01 **Instruction** – Activities carried out for the express purpose of eliciting some measure of educational change in a learner or group of learners. For example, space utilized for general academic instruction, vocational/technical instruction, special session instruction, community education, and preparatory/remedial/developmental instruction activities may be included.

- 02 **Research** – Activities intended to produce one or more research outcomes – including the creation of knowledge, the organization of knowledge, and the application of knowledge – is included within this category. Any space used in support of research activity that may be conducted with institutional funds or under the terms of agreement with an agency external to the institution may be included.

- 03 **Public Service** – Activities established to make available to the public the various resources and capabilities of the institution for the specific purpose of responding to a community need or solving a community problem (activities established primarily to provide non-instructional services beneficial to individuals outside the institution).

- 04 **Academic Support** – Activities established to provide support services for the institution’s primary missions – instruction, research, and public service. This category includes areas such as libraries, museums and galleries, audio-visual services, academic computing support, ancillary support, academic administration, academic personnel development, and course and curriculum development.

- 05 **Student Services** – Those activities that contribute to the emotional and physical well-being of students, as well as to their intellectual, cultural, and social development outside of the context of the institution’s formal instruction program. For example, student services administration, admissions, registrar, social and cultural development, counseling and career guidance, financial aid, and student health services may be included in this category.

- 06 **Institutional Support** – Central executive-level activities carried out in direct support of one or more of the instruction, research, and public service programs. For example, activities related to the central executive-level management, long-range planning and operation of the entire institution, planning activities related to fiscal operations space management, human resources, administrative data processing, campus security and support services to faculty and staff not operated as an auxiliary enterprise may be included.

- 07 **Operation and Maintenance of Plant** – Activities that support physical plant administration, building maintenance, custodial service, utilities, landscape and grounds maintenance, and major repairs and renovations.

- 08 **Auxiliary Enterprises** – Activities associated with the operation of auxiliary enterprises. An auxiliary enterprise is an entity that exists to furnish goods or services to faculty, staff, or students and that charges a fee directly related to, though not necessarily equal to, the cost of the goods or services.

TABLE 38 continued

- 09 **Hospitals** – Activities associated with the patient-care operations of a university-operated hospital. This category includes direct patient care, health care supportive services, administration of hospitals, and physical plant operations for hospitals.
- 10 **Independent Operations** – Activities that are owned or controlled by the institution as investments, and which are financed as part of the institution’s current operations.
- 11 **Unassigned** – Facilities that are not in use at the time of the inventory.
- 12 **Leased** – Space owned by the institution but leased to and occupied by a non-affiliated group(s).

National Association of College and University Business Officers.

Report Definitions

REPORT DEFINITIONS

The following section lists calculations that are used with data elements from the Comprehensive Data Base to determine institutional progress in higher education reform. These definitions are provided to help institutions monitor their progress.

Full-Time Equivalent Enrollment

Enrollment Reporting

Full-time equivalent enrollments are calculated using the following formula for official CPE enrollment reports.

(undergraduate student credit hours divided by 16)
+ (graduate student credit hours divided by 12)
+ (law student credit hours divided by 14)
+ (headcount of other first-professional students)
+ (headcount of post-doctoral students)
+ (headcount of doctoral dissertation students)
+ (headcount of residents and interns)

Financial Reporting

Full-time equivalent enrollments are calculated using the following formula for CPE budget calculations.

Headcount of full-time students
+ 1/3 (headcount of part-time students)*

*House staff and postdoctoral students are not included in the calculation.

Evaluation of The 1997-2002 Kentucky Plan Benchmarks

Evaluation of progress is on the basis of the performance of each institution. Progress is based on the performance of an institution in the preceding academic year. All objectives of *The 1997-2002 Kentucky Plan for Equal Opportunities* are evaluated on the basis of the concept of “continuous progress.” Continuous progress means that an institution shows an increase in the number of students or employees over the previous year of each category or objective.

Kentucky Resident African American Undergraduate Student Enrollment: The system enrollment must be 7.3 percent or greater and the undergraduate headcount enrollment (student codes 01-04, 05, 13 and 14) of the institution must be equal to the objective or the institution must show progress by enrolling at least one student more than enrolled the previous year. Head count enrollment includes all undergraduate students – full-time, part-time, auditors, non-degree, etc.

Retention of First-Year Kentucky Resident African American Students: This cohort of students includes first-time freshmen, degree-seeking (student code 01) only -- freshmen are by definition degree seeking -- for each institution. First-year retention is measured from fall semester to fall semester. *Since some institutions have freshmen summer programs the summer*

REPORT DEFINITIONS *cont.*

enrollment is also included. The enrollment of first-year students must be equal to the objective or the institution must show progress by retaining at least one student more than retained the previous year.

Retention of All Kentucky Resident Undergraduate African American Students: This cohort of students includes all undergraduate students (student codes 01-05 and 14) for each institution. Retention is measured from fall semester to fall semester. Students who have graduated – this includes the December, May and August graduates - are added back in to accurately reflect retention efforts of all undergraduate students. Retention of all undergraduate students must be equal to the objective or the institution must show progress by retaining at least one student more than retained the previous year.

Six-Year Graduation Rate for Degree-Seeking Kentucky Resident African American Students: This cohort of students includes all degree-seeking students (first-time freshmen only) for each institution. The analysis also provides credit for a student who receives a degree during the summer of year six. The process adds back for the original institution, any transfer students that graduate from another institution. Continuous progress is achieved when the six-year graduation rate is equal to the objective or the institution graduates at least one student more than graduated the previous year.

Kentucky Resident African American Enrollment in Graduate Programs: This group of students represents the headcount enrollment of Kentucky resident African Americans enrolled in graduate degree programs. The headcount enrollment of the institution must be equal to the objective or the institution must show progress by enrolling at least one student more than enrolled the previous year. Headcount enrollment includes all students – full-time, part-time, etc.

Employment of African Americans in Executive, Administrative, and Managerial Positions: This cohort includes only the full-time employees of an institution. The employment of African Americans by the institution must be equal to the objective or the institution must show progress by employing at least one full-time staff person more than employed the previous year.

Employment of African Americans as Faculty: This cohort includes only the full-time faculty of an institution. The employment of African Americans by the institution must be equal to the objective or the institution must show progress by employing at least one full-time faculty person more than employed the previous year.

Employment of African Americans as Other Professionals: This cohort includes only the full-time professional staff of an institution. The employment of African Americans by the institution must be equal to the objective or the institution must show progress by employing at least one full-time professional staff person more than employed the previous year.

Diversity as a Plus-Factor: The value of diversity is considered in the assessment of performance on the enrollment objective of *The Kentucky Plan* -- by allowing campus diversity to be a plus factor for that objective. Implementation focuses on the 67 target enrollment counties plus target districts in Jefferson and Fayette Counties that are identified as underserved by the education community. The target districts in Jefferson and Fayette Counties are identified using the same characteristics as those used to identify the 67 target enrollment counties. Diversity for purposes of *The Kentucky Plan* is defined as African American students.

Application of the factor:

1. Identify first-time Kentucky resident African American students from 67 target counties, and the following zip codes:

Fayette county (40511, 40504, 40505, 40507, 40508); and

Jefferson County (40202, 40203, 40208, 40209, 40210, 40211, 40212, 40214, 40215, 40216, 40218, 40219, 40258, 40272).

2. Identify first-time students from other states enrolled at each institution.
3. Add to each institution's headcount of Kentucky resident African American students a number of students from other states equal to the sum of the African American students from the 67 target counties plus special zip codes in Fayette and Jefferson counties.

Kentucky Community and Technical College System Data Collection Schedule for Reporting Transfer Students: The college number changes to an OPE ID/FICE code when the consolidated college has either completed the SACS accreditation or was already the sole SACS-accredited institution in the district.

Enrollment Edit Descriptions

Type 1 Edit Description

EDIT FIELD	DESCRIPTION
Form	Form must be '1'.
FICE code	FICE code must equal parm FICE (from JCL). A valid campus code is needed for KCTCS CC and TEC schools.
SSN	Flags if not numeric.
Name	Flags if blank
Birth Year	Flags if not numeric. Calculates student age, then flags if age > 85 or less than 17.
Sex	Flags if not valid sex code (M/F).
Race	Flags if not valid race(1,2,3,4,5,6,7) (Table 2)
Residency	Flags if not valid residency (A,B,C,D,E,F). Residency F valid for only UK and UL.
Transfer Credit Check	Excluding Tech schools, transfer credit hours flagged if hours greater than 150 for first-time undergraduate transfers. Flags if transfer credit hours are greater than zero for non first-time transfers.
Multiple Degree Check	Checks table for valid codes for classification other than freshmen and sophomores.
Origin Check	Flags if state code is blank. If state code is numeric then check for valid code. (Table 4-A). If non numeric checks country code table for valid country codes. (Table 4-B). For tuition waiver student a check is made against valid tuition waiver states.
County Check	If state code = '18' (Ky) then cnty code must be valid Ky cnty code.(Table 5-A). Flags if residency code = 'A' and state code not = '18' and cnty not = spaces. Flags if residency code is out-of-state and state code not = '18' and cnty code not = spaces. Flags if residency code is out-of-state and state code = '18' and cnty code not valid Ky code. Flags if residency code = 'B' (waiver) and county codes not valid waiver county codes.
Pre-college Check	Flags if PCC not valid code.(blank,1,2,4). Flags if not valid code(1,2,4) for FTF or FTT Bacc degree seeking with a state code (1-51,99) (excludes CC). Flags if PCC not blank for all other classifications.
Full/Part Check	Checks for valid F/P codes for Fall and Spring semesters only.
Classification Check	Checks for valid classification codes. Flag if class = 05,16,20,13,15,10,21-24 and major not = 600000. Flag if prefix A or B and class not = 01,02,03,04,13,14,30. Flag if prefix C and class not = 01,02,31. Flags if prefix L and class not = 01,02. Flags if prefix T and class not = 05. Flags if prefix D and class not = 08,09,10,13. Flags if prefix H and class not = 11,13. Flags if prefix M and class not = 06,07,13. Flags if prefix P and class not = 12,21-24,13. Flags if prefix S and class not = 07,13. Flags if class = 18 and fice not = 00196300,00196800,00197600,00197700,00927500,00200200(Regional Universities). Flags if class = 20 and major not = 600000.
First-Professional Check	Flags if class = 21-24 and prof-year not = 9. Flags if class = 12,21-24 and not valid prof-year.
First-Time Student Check	Flag if FTS = Y and class not = 01,05,06,07,08,12,13,16,21-24 Flag is FTS = Y and class = 20.

Type 1 Edit Description

EDIT FIELD	DESCRIPTION
First-Time Transfer Check	Flags if FTT not = N,Y. Flags if FTT = Y and FTS = Y. Flags if FTT = Y and Transfer FICE = blank. Flags if FTT = Y and Transfer FICE not in Transfer FICE Table(Table 9). Flags if FTT = Y and FICE = Transfer FICE.
	Flags if FTT = Y and class = 05,16,20,13,15,10,21-24.
Credit Hour Check	Flags if credit hours not numeric. Flags if class = 13 and credit hours not = zero. If summer semester, flags if credit hours > 16. If fall or spring semester, flags if credit hours > 24. Flags if credit hours = zero and class < 09 or > 13.
Contact Hour Check	Flags if Contact Hours not numeric.
High School Code Check	Flags if HS Year = blank and FTS = Y and Class = 01 and Residency = A. Flags if the difference between the birth year and High School year is < 17. Flags if High School Code not in High School Table (Table 13).
Major Check	Flags if not valid major prefix (Table15). Flags if major prefix = N,T and major not = 600000. Flags if major = 600000 and class not = 05,16,20,13,15,10,21-24.
	Flags if class = 15 and major not = 600000. Flags if Class=31 and prefix not = C. Flags if Class=30 and prefix not = B,U,or A. Flags if NKU and Residency = B and Major not = 511501 or 440701.
	Flags if UK and residency = B and prefix = M and major = 5110601 or 440701. Flags if major = 600000 and prefix not = N or T. Flags if major = 000000 and prefix not = A,B,U, or M. Flags if FICE = community college and prefix not = A,C,U,N,or T.
	Flags if prefix = H and FICE not = UK or UL. Flags if prefix = P and FICE not = UK or UL. Flags if major = 000000 and class not = 01,02,03,04,06,07,or 13. Flags if major not = degree inventory table (Table 17).
Joint/Cooperative Check	Flags if multi inst code not = X if major is defined by a B or D footnote.(taken from Table 17).
2nd Major Check	Flags if second major not on degree inventory table (Table 17)
Century Check	Flags if century not = 19 or 20.
Multiple Inst Program Check	Flags if not valid MIP 1 code. Flags if not valid MIP 2 code.
ZIP Code Check	Flags if residency code = A and class = 01 and FTS = Y and ZIP code not valid Ky ZIP.

Kentucky Postsecondary Education Reform: Five Questions We All Must Answer The NEW Five Questions:

1. Are more Kentuckians ready for postsecondary education?
2. Is Kentucky postsecondary education affordable for its citizens?
3. Do more Kentuckians have certificates and degrees?
4. Are college graduates prepared for life and work in Kentucky?
5. Are Kentucky's people, communities, and economy benefiting?

The Kentucky Council on Postsecondary Education does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or the provision of services and provides, upon request, reasonable accommodation including auxiliary aids and services necessary to afford individuals with disabilities an equal opportunity to participate in all programs and activities.
